Hi Ryan,

Thanks for the update. I think it's great to have this new way of organizing product info on Product Hunt and I'm sure it will make things a lot easier. However, as something of an older user here I don't really find myself using any particular features more than others so it won't really affect me in that regard. Regardless, we appreciate your efforts and thanks again for letting us know about the changes!

Best regards,

Simple Ai Email Assistant Ideas For Teens In America:

Teach Like a Human David J. Mulder, 2025-09-18 Are the machines taking over Artificial intelligence suddenly seems to be everywhere including in the world of education With new AI powered tools popping up every day it s no wonder that educators might feel overwhelmed How can we navigate the strange new world of AI without losing our humanity or our sense of humor Blending thoughtful theology practical wisdom and a deep love for teaching this book invites educators to reflect on big questions What does it mean to be a real human in an age of artificial intelligence What tools should we adopt and which ones should we avoid and how can we decide How do we stay grounded in the gospel story while adapting to emerging technologies Rather than offering easy answers or alarmist warnings let s consider an approach that is curious and courageous developing a hopeful vision for education that forms both minds and hearts Standing on the truth of Scripture and keeping a finger on the tech pulse this book helps Christian educators practice thinking faithfully acting ethically and teaching joyfully even when algorithms are everywhere Teaching Christianly with technology isn t about keeping up with the latest tools and trends it s about being the humans God created us to be

AI for Families Shannon Kimberly Edwards, 2025-10-10 AI is already shaping how children learn play and see the world leaving many families feeling overwhelmed and uncertain about navigating this new digital reality AI for Families provides the guidance families need to approach AI innovation with confidence and on their own terms This isn t a book about fearing AI or fighting against it It s a guide providing practical support for the questions families are already wrestling with at home From strengthening app privacy settings to helping kids think critically about AI generated responses AI for Families offers clear explanations historical context and actionable solutions that put families in control of decisions based on their individual values beliefs and needs Whether navigating a teenager grappling with AI essay support and academic integrity a middle schooler experimenting with homework help or families advocating for thoughtful school policies AI for Families is a roadmap for working through all of these decisions together Most importantly AI for Families is about embracing the deeply human traits of curiosity creativity empathy and connection that will serve children well into the future The goal isn t competing with AI but raising kids who can work alongside new technology while owning and celebrating what makes us uniquely human This might just be the moment where families get to come together celebrate our collective humanity and take ownership of the technology that can guide us toward greater discoveries and a better world We just need to start talking and claiming this future as our own
