More and Better Jobs in South Asia The World Bank,2011-12-20 South Asia has created nearly 800 000 jobs per month during the last decade Robust economic growth in large parts of the region has created better jobs those that pay higher wages for wage workers and reduce poverty for the self employed the largest segment of the region s employed Going forward South Asia faces the enormous challenge of absorbing 1 to 1.2 million entrants to the labor force every month for the next two decades at rising levels of productivity This calls for an agenda that cuts across sectors and includes improving the reliability of electricity supply for firms in both urban and rural settings dealing decisively with issues of governance and corruption making access to land easier for urban informal firms and strengthening transport links between rural firms and their markets It requires improving nutrition in early childhood to avoid cognitive impairment intensifying the focus on quality of learning in education systems equipping workers with the skills that employers demand and reorienting labor market regulations and programs to protect workers rather than jobs The continuance of high economic growth to help improve job quality is not assured But the region s demography can provide a favorable tailwind The growth of workers exceeds that of dependents in much of the region The resources saved from having fewer dependents can be shifted to high priority investments in physical and human capital accumulation necessary to create productive jobs in countries with an enabling policy framework But the demographic window of opportunity is open for only the next three decades a fact which lends urgency to the reform agenda This book will be of interest to policy makers their advisers researchers and students of economics who seek solutions not only to the challenge of creating more and better jobs in South Asia but globally as well It is the first title in South Asia Development Matters a new series that will serve as a vehicle for in depth synthesis of economic and policy analysis on key development topics for South Asia

Cryptocurrency for Beginners Stephen Satoshi,2018-07-31

If you re thinking of buying cryptocurrency in the future consider this If only I d bought back then Sound familiar It probably

does Because when it comes to cryptocurrency there are so many if only or the one that got away stories 7 years ago you could ve bought 1 Bitcoin for just 10 cents That same Bitcoin is worth over 8000 today 100 dollars invested in 2010 would be worth over 8 million dollars today But now you have an opportunity that s far from typical It s an opportunity to cryptocurrencies while the prices are down 60% from the start of the year You re probably thinking if prices are down so much why on Earth would I buy The answer is this dip is only temporary Because it gives institutions like investment banks a chance to load up their own holdings for less Banks like JP Morgan who just last year were adamantly against cryptocurrency but now are offering it as an investment option And the Chicago Board of Exchange who just filed an application to provide the world s first Bitcoin ETF Which is why earlier this month Bitcoin rose 28% in just 4 days Indicating that the next big boom might just be upon us In this giant 15 book bundle you will discover A complete analysis of over 70 different cryptocurrencies no other book on Amazon comes close 7 giant cryptocurrency mistakes that are guaranteed to lose you money and how you can avoid making them A step by step guide on how to safely store your newly bought cryptocurrency A secret but completely legal way to buy coins on Coinbase without paying transaction fees potentially saving you hundreds of dollars per year How to use cryptocurrency to hedge against your traditional portfolio A coin with game changing technology which will open up partnerships with Fortune 500 companies A fundamental analysis of 7 high growth potential cryptocurrencies that all utilize Ethereum technology How a tiny plastic tube is making investors in this marijuana company very rich The only gaming coin with actual ties to the casino industry this is vital for future growth How to legally invest in cryptocurrencies tax free How even a technophobic 90 year old can buy Bitcoin is less than 15 minutes no more difficult than buying anything else online and much much more Plus not one but four free bonuses inside Including guides on crisis investing and marijuana stocks with profit producing information like The McDonald s secret which directly relates to the marijuana industry and your chance of profiting How regular folks can legally benefit from holding assets offshore The absolute worst type of stock to have in your portfolio and one that always plummets during a downturn The one sub section of the marijuana industry you must be in The 3 Rs stocks which perform best in a bad market What your broker isn t telling you about airline stocks But aren t cryptocurrencies risky Like any investment they carry certain risks That s why this book helps you stay informed and armed with the best knowledge possible all broken down into easy digestible language There is one small thing to bear in mind though Unless you want another if only story the time is now Because things move fast in the crypto space and today s golden opportunity becomes tomorrows missed opportunity So if you re ready to become a part of the world s fastest growing and most exciting market scroll up and click add to cart to receive your book instantly P S Many cryptocurrency analysts now predict Bitcoin could reach up to 65 000 by the end of the year and other cryptocurrencies inside this mega bundle could go even higher
