The Changed Life: How COVID-19 Affected People's Psychological Well-Being, Feelings, Thoughts, Behavior, Relations, Language and Communication Ramona Bongelli, Alessandra Fermani, Daniela Raccanello, Rob Hall, Ilaria Riccioni, Morena Muzi, Roberto Burro, 2023-10-30 Covid 19 changed the lives of millions of people around the world The effects of the global pandemic on the physical and psychological health of individuals as well as on their behavioral habits relationships and the way they communicate do not seem to be only short or medium term but on the contrary appear to be long lasting In the same way that it is possible to use the term long covid to refer to the long term effects on the physical health of individuals who have contracted the virus so we think it is possible to use the expression psychological long covid to indicate the long term effects

on the psychological health of individuals not only of those who have been infected but more generally of all those who have had to cope with social restrictions lockdowns distancing remote work and learning etc imposed by the pandemic At the same time many people demonstrated resilience as the capacity to cope with adverse events through positive adaptation
