Lentz,2017-07-17 Ever wanted to write a book get it published and earn royalties each month from the sales but you re not sure where to start Have you gotten the impression that self publishing a book that has a shot at being a best seller will cost a lot more than you can possibly afford And would you really like to avoid going deeper into debt I wish I d had a book like this when I was ready to finally get my first book written and self published I m writing it now to help fellow authors both published and not yet published to save as much money as they can while still accessing the help they need to get their books written polished published and marketed *Writer on a Budget* will help with the following Getting your book written and developing your own process for your first and future books Designing your book s cover to attract your target readers Self editing and proofreading your book or finding a good and affordable editor and or proofreader depending on your needs Formatting your book for both Kindle and paperback CreateSpace Publishing your book on KDP and CreateSpace Launching and marketing your book without spending a lot of money on promotions that cost more in money time or both than they re worth Finding your own way and your own writing budget based on your specific needs and writing goals No two authors are

alike and there is no one size or one budget fits all approach You re not crazy or even borderline delusional if you hear the expert advice about outsourcing everything and expecting to pay hundreds or even thousands of dollars to get your book ready for publication and you think How bout I see how much of this I can do on my own Because you don t know until you try just how much of it you can do and do well on your own For example you might actually enjoy designing your own covers and with some research and some easily accessible and short design tutorials you might find you have a knack for it Or maybe editing is something you already do for others and you re hoping to save yourself hundreds of dollars by doing your own Don t let anyone tell you Editing your own work is always a mistake because it isn t Not always It s good to get an extra pair of eyes looking at your book but depending on what you need and what your book needs you may not have to pay someone a thousand dollars or more to get your book edited and proofread We don t have to go broke to make great books So let s get started making more of them I hope you scroll back up and grab your own copy of this book and I d love it if you d share a link to it with others you know who might benefit from it
