Marshall, Meghan Hargrave, 2025-07-09 Artificial intelligence is no longer a distant concept in education. It's a present-day force reshaping how students learn and teachers teach. But in the rapidly evolving world of AI, educators need more than just quick fixes or flashy tools. With the guidance of expert educators Salman Khan, Douglas Fisher, Nancy Frey, James Marshall, and Meghan Hargrave, *Teaching Students to Use AI Ethically* will prepare you not only how to teach with AI but how to teach for a world transformed by it. Grounded in the latest research and enriched by years of classroom experience, this book takes you from understanding what AI is and how it operates to helping students become confident ethical thinkers in an AI-powered world. Organized into three sections, it covers how to teach AI's foundational concepts, how to develop student inquiry and critical thinking, and how to teach student AI usage through authentic curiosity-driven learning quests. It includes clear definitions, classroom examples, and teacher/student practices for each of the 30 core topics across AI theory, skills, and application. Step-by-step guides for nine unique AI-powered learning quests, each designed to drive curiosity, collaboration, and deep understanding. Practical strategies for addressing ethical considerations, bias, privacy, and responsible use of AI in learning environments. Skill progressions for different grade bands, including skills to master prompt crafting, tips, and online examples to help both educators and students integrate and evaluate AI tools with confidence. Whether you're new to AI or already exploring its integration, this comprehensive resource sheds light on hidden aspects of AI, equips you to foster essential student skills, and provides actionable strategies for hands-on collaboration with AI in your daily teaching practice.

Creating a Web Site Greg Rickaby, 2017-03-21 Speak to the world with your very own custom website. *Creating a Web Site* is the kid's guide to learning basic website design. From planning to perfecting, this book walks you through the entire process of building your own website with easy-to-read instructions and plenty of pictures every step of the way. Good planning saves you a ton of work, so you'll begin by getting your ideas out of your head and onto paper. Next, you'll find a template that already has the basic features you want, so you can start working on the fun stuff right away. You'll learn all the HTML and CSS you need to make your site look and act the way you want it to, and you'll learn how to add video, images, widgets, and more to make the design your very own. Before you know it, you'll have your own custom-built website showcasing your talents and interests for the world. If you want your own website, why settle for a basic template that makes your page look like everyone else's? You don't need to build it from scratch; with a few simple lines of code, you can transform a basic template into the site of your dreams. This book shows you how to have fun from page one as you figure out just what kind of site you want to build. Create a mood board to bring your ideas into reality.
