Transforming Special Education Through Artificial Intelligence Walters, Annette G.,2024-10-25 Special education encounters distinct challenges in delivering personalized and practical assistance to students with disabilities Educators

frequently require support to address the varied needs of these students resulting in learning and development gaps. Moreover, early identification and catering to these needs can take time and effort, affecting students' long-term academic success. There is an urgent need for innovative solutions that can bridge these gaps and improve the educational experiences of students with disabilities. **Transforming Special Education Through Artificial Intelligence** offers a comprehensive exploration of how Artificial Intelligence (AI) can transform special education by providing personalized and individualized support for students with disabilities. Through case studies and real-life examples, we demonstrate how AI can analyze data to tailor learning experiences and most importantly, identify learning difficulties early. This crucial aspect of AI can significantly enhance communication among stakeholders and reassure them about the potential of AI in improving educational outcomes for students with disabilities.

Advancing the Frontiers of Education. Science and Technology in Nigeria Olukeya Ogen, Bankole Faloye, 2025-07-23. Document from the year 2025 in the subject Education Reading Instruction language English abstract. The book *Expanding the Frontiers of Education: Science and Technology in Nigeria* explores the transformative impact of digital technologies on learning, scientific discovery, and technological advancement. With 67 painstakingly peer-reviewed chapters, the book delves into how technologies are reshaping traditional educational models, driving scientific innovation, and creating new opportunities for progress in a rapidly evolving digital landscape. The volume is more than a collection of academic essays; it offers a holistic view of how knowledge can be harnessed for societal transformation, reflecting the depth and breadth of Professor Adeoluwa's scholarly legacy. Professor Bayode POPOOLA, Vice Chancellor, Adeyemi Federal University of Education, Ondo, is the editor of this monumental edited collection, which is a fitting tribute to Professor Adeoluwa's exceptional scholarship and administrative prowess. It underscores the critical need for integrating digital technologies with human-centered approaches and highlights the value of cross-disciplinary collaboration while addressing the ethical dimensions of technological advancement. The book offers a comprehensive roadmap for navigating the complexities and opportunities of the digital age. It provides essential insights for educators, scientists, technologists, policy makers, and all those interested in shaping the future of learning, research, and innovation. Prof. Ibiyinka OGUNLADE, Deputy Vice Chancellor, Academic, Ekiti State University, Ado Ekiti, 2014-2016, is the co-editor. A rich and elegant multidisciplinary collection of essays that explores the transformative potential of education science and technology in shaping Nigeria's future. The book delves into the challenges and opportunities presented by the evolving educational landscape, the critical role of science and technology in national development, and strategies for bridging gaps in access, quality, and innovation. It further analyzes how digital tools and platforms can revolutionize learning experiences and improve access to quality education. Most significantly, this book is laced with insightful recommendations for policymakers, educators, researchers, and anyone interested in the development of Nigeria.
