**Critical Internet Literacies** Jamie Cohen,2024-12-30 An introductory critical internet studies text that builds upon media literacy and digital culture theory to offer a thorough examination of the intersection of online technology and culture. We are now collectively at a hinge point in the evolution of the web where online influencers can sway national discourse, geopolitical events are remixed through memes, and online harms are misunderstood. This book argues that people are generally aware that online media has repercussions in off-platform spaces but sometimes lack the language to properly critique online trends, memes, and internet-born media. How are citizens, activists, and marginalized groups able to use these tools effectively and safely in these times? Jamie Cohen explores aspects of internet culture in an approachable manner, building upon critical media literacy and applying a critical technocultural analysis as a methodology to reimagine how media literacy can operate in an online media environment. The book explores key topics such as accessibility, the creator economy, content moderation, tech bias, platform capitalism, internet culture, and safety. Offering a new way of reading internet media and critiquing content and creators, this book is essential reading for students and scholars of digital culture, internet culture, media literacy, social media, and beyond.

**Discovering Public Relations** Karen Freberg,2024-02-16 Discovering Public Relations introduces students to the field of PR in a practical, applied, and hands-on way that prepares them for the modern workplace. Author Karen Freberg highlights modern and contemporary PR practices, emphasizing social media, digital communication, and creative innovation. Understanding that creativity alone can't create success, Freberg shows students how to choose and implement evidence-based practices to guide their strategic campaigns. The Second Edition transforms students into successful PR professionals by giving them the tools

to think creatively innovate effectively and deploy research backed tactics for successful campaigns

*The Korean Wave in a Post-Pandemic World* Geon-Cheol Shin, Mark D. Whitaker, 2023-11-02 This book presents an analysis of how the economic Korean Miracle spread into the cultural Korean Wave Hallyu First only in Asian countries and then around the world the rising popularity of the Korean Wave continued within the pandemic despite or even because of policies of digital lockdowns Partially this has been by design as Korea for decades has had a very strong fast development drive in telecommunications and that aided the growth of its cultural wave Partially however this became exclusively by default how the Korean Wave had to spread increasingly in a digital manner after 2020 globally in response to many countries rules regarding the COVID 19 pandemic in their attempts to enforce a decline in face to face content consumption In retrospect this has meant only more digital growth and innovation for the Korean Wave in past years compared to other cultures entertainment complexes that suffered more Korea s earlier digital readiness combined with later lockdown conditions and pushed the Korean Wave further ahead Despite the ending of COVID 19 lockdowns in many countries a greater digital aftermath will continue in the cultural industry and in the economy in general This is due to changes created in cultural preferences in organizational investments and in communication technologies due to those lockdowns Thus the authors examine how the Korean Wave coped actively with a pronounced digital shift by default in all aspects of media including production distribution and consumption In turn they examine how the greater digital shift in the world s culture and economy influenced the Korean Wave s entertainment performances TV dramas and cosmetics among other areas The authors analyze general trends in the Korean Wave s economics culture and technology along with specific strong cases of the K pop boy group BTS the cosmetics manufacturer Cosmax and the television series Squid Game Since the Korean Wave continues to grow in popularity within a more exclusive digital socialization future implications of such a competitive digital world economy and multi polar digital world culture are discussed for all countries as well

**Financial Reckoning Day** Addison Wiggin, William Bonner, 2023-10-24 An engaging and practical romp through contemporary financial and economic history and what it means for your financial future Economic booms and busts are happening with more frequency Since the turn of the new millennium fortunes have been made and lost at a blistering pace Each boom is like the tension building up before an earthquake Seismologists can detect the build up but they can t necessarily explain why or when the next quake will hit Economic busts can be equally devastating and followed by numerous aftershocks In this entertaining romp through recent economic and financial history best selling author Addison Wiggin traces the primary trends that have led up to rapid economic growth and innovation while keeping an eye on the inevitable downturn The author practices literary economics telling stories about the characters behind the scenes and their motives making this wide ranging book easy to read The current edition has been revised adapted and re imagined enlightening readers about what s happening behind today s top headlines The rise of new financial innovations over the past decade including cryptocurrencies mobile trading platforms and the democratization of financial

markets How the policies of the Federal Reserve following the Panic of 08 led an entire generation to become unwitting speculators in stocks bonds real estate and rare commodities What impact new political trends environmental social governance ESG and diversity equity and inclusion DEI have had on managing your own money Ultimately the book helps place current events in the context of identifiable historical trends The book proposes that when you understand what the primary trends are and follow them to their logical conclusion it makes planning for your financial future much easier What will be the role of the US economy in the future as policy makers try to grapple with new competition economic and political from Brazil Russia India China the so called BRICs The author follows the facts the trends and the stories that make up history and parlays them into forecasts for what he sees coming next Ultimately you ll get a review of previous trades and a new Trade of the Decade      Congressional Record United States.
