**How to Start a Podcast Using AI** Benjamin Pollack,2025-08-21 We are in a sweet spot AI tools are polished enough to deliver professional results The podcasting space is still wide open for new voices Most people still don t realize

how easy it's become to start. If you wait another two years, the market will be more crowded and your unique idea might already be taken by someone else. Starting a podcast in 2025 is like starting a YouTube channel in 2010: the wave is building, but it hasn't fully crested yet. If you get in now, you can ride the momentum as AI reshapes the industry. This book gives you the roadmap, the tools, and the prompts to launch your podcast with confidence. Inside, you'll learn how to plan your show and define your audience. Build your podcast brand with AI-powered tools. Record and edit episodes quickly with professional results. Distribute your show across major platforms. Grow your audience and community. Monetize your content and create sustainable income. Avoid AI pitfalls while keeping your authentic voice. You don't need a studio or expensive equipment; just your voice, a laptop, and the willingness to start. With the help of AI, you can cut your production time in half, create better content faster, and focus on what matters most: connecting with your listeners. Whether you're an entrepreneur, educator, storyteller, or simply someone with a passion to share, this guide will help you go from idea to published podcast in days instead of months. Your audience is already out there, scrolling through Apple Podcasts or Spotify, looking for someone like you. This book will help you make sure they find you.

Do you want to create, publish, and market your audiobooks? Are you ready to use podcasting to grow your author brand and reach more readers with your books? Audiobooks are the fastest-growing segment in publishing, with double-digit growth in markets across the world. Podcasting has gone mainstream, with listeners consuming audio on mobile phones and in-car devices, as well as through smart speakers. Advancements in voice technology continue to expand possibilities for audio creation and marketing. With such rapid growth in opportunity, how can you position your books in an increasingly voice-first world? I've been podcasting for over a decade, as well as narrating and producing my own audiobooks since 2014. I'm an avid consumer of audio content, and I'm also experimenting with AI voice technologies.
