Media Authorship Cynthia Chris, David A. Gerstner, 2013 Contemporary media authorship is frequently collaborative participatory non site specific or quite simply goes unrecognized In this volume media and film scholars explore the theoretical debates around authorship intention and identity within the rapidly transforming and globalized culture industry of new media Defining media broadly across a range of creative artifacts and production cultures from visual arts to videogames from textiles to television contributors consider authoring practices of artists designers do it yourselfers media professionals scholars and others Specifically they ask What constitutes media and authorship in a technologically converged globally conglomerated multiplatform environment for the production and distribution of content What can we learn from cinematic and literary models of authorship and critiques of those models with regard to authorship not only in television and recorded music but also interactive media such as videogames and the Internet How do we conceive of authorship through practices in which users generate content collaboratively or via appropriation What institutional prerogatives and legal debates around intellectual property rights fair use and copyright bear on concepts of authorship in new media By addressing these issues *Media Authorship* demonstrates that the concept of authorship as formulated in literary and film studies is reinvigorated contested remade even reauthored by new practices in the digital media environment **The**

Home Working Tips
Annemarie Fida,2021-08-04 Congratulation You can work at your home that still has a stable income Is this true YES this book will open an outlook of your career path with the online platform Whether that s working remotely for a company or starting your own business there s no shortage of work from home opportunities You ll easily find 300 tricks to work from

home with flexible time and how to maximize your productivity on the job In addition you ll balance between work and life effectively as well as achieving things you want Ready and let s get started **Work Your Own Way** Joe A R,2025-05-09

Are you a Gen Z freelancer remote worker or creator who s tired of toxic hustle culture telling you to grind harder This is your permission to slow down work smarter and still thrive In **Work Your Own Way** you ll find an honest relatable and refreshing guide that helps you build a meaningful solo career without the pressure to run a never ending race Packed with real stories practical tips and warm wisdom this book feels more like a chat with a close friend than a lecture from a guru You ll learn how to Build a calm and sustainable work rhythm that fits you Say no to burnout and yes to your mental peace Connect with the right people without awkward networking Turn comparison into confidence Redefine success on your own terms Whether you re freelancing from your bedroom running a small online biz or juggling side gigs while figuring life out this book was made for you This is not a guide to doing more it s a guide to doing what matters Because slow doesn t mean stuck And calm doesn t mean lazy It means you re building something that lasts **WFH During The Pandemic and Beyond: A Comprehensive Guide to Increase Motivation, Productivity and Freedom** Azra Syed,2020-08-28

What you can do matters more than where you are If you have the tools and resources to stay connected to your world you still can make a big difference Every positive component of liberty that accompanies WFH also has engulfed complications For example when working from home you have the freedom to establish your schedule This freedom can be challenging because there is a possibility that your performance is not as satisfying as it should be or as your employer expects simply because of the unlimited freedom to do whatever you want whenever you want Whether you like to play relax or work it is in your control Challenges are inevitable because WFH does not come with the traditional workplace cultural reinforcement that is essential for a smooth mental transition You can enjoy a less stressful morning and evening because there is no daily commute involved Yet that lack of daily commute can cause the mental transition into work mode to be harder This transition is the crucial factor that keeps you working till late and finding the motivation to start your day Creating boundaries is the only solution for every challenge stemming from unrestrained freedom If this sounds restrictive to you than you have not yet realised that the beauty of these boundaries is that you are the creator of them Neither this book nor I at any point are going to tell you when you should start working and when you should end your working day Instead we both will explore the opportunities to achieve high productivity from your working from home day But in the end you are in control and you will need to think about these boundaries and how to implement them I would recommend that you create these boundaries like the highway rules You might be thinking why should these boundaries be like the rules of the road Following road rules allow drivers to reach their destination safely and in the same way boundaries for working from home will help you to stay focused and productive It will also help you to avoid the pitfalls of indefinite freedom For better productivity work must stay in the Workspace and everything else must remain outside of the Workspace I understand that everyone has a different amount of

space and budget available in their homes and especially for those who share their home with others it may be difficult to designate an entirely separate room or area as a Workplace but it is not impossible First we must consider what is essential for setting up an ideal Workplace and then we can work on individual budget and space constraints A successful entrepreneur and Working From Home dad Jeffrey Hamilton who lives in a two bedroom apartment with his wife and two little girls tells the secret of his WFH success When I started my Business consultancy service from home I invested in a desk that could be closed at the end of each working day There was a strong reason to have such desk as it prevented me from putting my personal items in it when I was not working and to ensure my clients private and confidential information was not compromised The greatest advantage of having this desk however was that it created a clear boundary between work and family time when the desk was open it meant I was at work My wife and daughters knew that when I was at work they should not call me unless there was an emergency They always waited patiently and supported my working environment I also was extremely strict with my personal calls and only answered my phone outside of the desk s opening hours Download or get a paperback to read Jeffrey s story and other success stories of Working From Home Mums and dads *The Ultimate Work from Home Guide 2020* Michael Henderson,2020-02-18 What if I told you that it is possible to leave your tasking office job behind and work from home at your convenience Surprised right The truth is that many jobs can offer you the flexibility you desire right from the comfort of your home For many people this is not news But the problem is how to begin If you are in this category then The Ultimate Work from Home Guide 2020 is for you It is also for you if You want a job that can bring in money on the side You are tired of the typical nine to five You want to spend more time with your family while earning an incomeIn this book you will be introduced to more than ten businesses you can start from home and eight work from home jobs Besides that you will learn How to start out when working from home How to stay motivated while working How to ensure you are efficiently working from home How to organize your time for the best resultsThese and many more are some of the hidden secrets you will gain access to in this book Are you a fan of music You can turn that into a job to do from home The same applies if you love writing Regardless of where your interests lie you can find the right job or business for you within these pages and find tips on how you can get started right away If you are ready to build a business of your own and stop working for someone else then The Ultimate Work From Home Guide 2020 can help you get there Are you ready to take charge of your life If yes take the leap and get this book How to Get Remote Jobs: Jonathan K.
