No Way! Okay, Fine Brodie Lancaster, 2017-06-27 Brodie is whip-smart merging pop culture references with vulnerable personal experiences to create a

collection that reads like a hilarious catch up call with an old friend What a pleasure to hear from this fresh extremely relevant point of view Abbi Jacobson CO CREATOR WRITER STAR of BROAD CITY I wish Brodie was the voice of my inner monologue narrating me through life with her fierce intelligence and never ending pop culture references Instead I ll just settle for this extremely relatable unashamedly funny powerful and beautifully vulnerable book No Way Okay Fine Courtney Barnett ARIA award winning and Grammy nominated songwriter and musician I identified early on that my role in relationships was the sidekick the platonic female cast member in an all male production or the friend who was relied on selectively when other options were unavailable I was the comic relief or the stand in never the lead I knew this I felt it I wrote it down but I didn t dare say it aloud because that would prove that I cared and caring wasn t cool From the small town in regional Australia where she was told that girls can t play the drums to New York City and back again Brodie has spent her life searching screens books music and magazines for bodies like hers girls who loved each other and women who didn t follow the silent instructions to shrink or hide that they ve received since literal birth This is the story of life as a young woman through the lenses of feminism and pop culture Brodie s story will make you re evaluate the power of pop culture in our lives and maybe you will laugh and cry along the way Brodie Lancaster is a thoughtful and patient writer and this book is a generous deep dive into her psyche Brodie s thoughts about her body her friends and lovers her choices and fears are all presented with the same staccato blast of pop culture touchstones and if you love boy bands the internet reality television the Gilmore Girls literally every other thing that is good in the world you will adore this book Emma Straub bestselling author of THE VACATIONERS and MODERN LOVERS As Public as Possible David I. Backer,2025-12-02 A witty and provocative treatise on the financial policies we ll need to make our public schools work for all children From the anti CRT panic to efforts to divert tax dollars to charter schools the right wing attack on education has cut deep In response millions of Americans have rallied to defend their cherished public schools But this incisive book asks whether choosing between our embattled status quo and the stingy privatized vision of the right is the only path forward In As Public as Possible education expert David I Backer argues for going on the offensive by radically expanding the very notion of the public in our public schools Helping us to imagine a more just and equitable future As Public as Possible proposes a concrete set of financial policies aimed at providing a high quality and truly public education for all Americans regardless of wealth and race With witty and provocative prose Backer shows how we can decouple school funding from property tax revenue evening out inequalities across districts by distributing resources according to need He argues for direct federal grants instead of the predations of municipal debt markets And he offers eye opening examples spanning the past and present from the former Yugoslavia to contemporary Philadelphia which help us to imagine a radically different way of financing the education of all of our children **Bull's-Eye! Self-Studies of Science Teacher Education Practices Shawn M. Bullock,Tom Russell,2012-03-21 Part of a vital Springer series on self study practices in teaching and teacher education this collection offers a range of contributions to the topic that embody the reflections of science teacher educators who have applied self study methodology to their own professional development The material recognizes the paradox that lies between classroom science and the education of science teachers the disciplines of science are often perceived as a quest for right answers an unintentional by product of the classroom focus on right answers in student assessment in science In contrast the profession of teaching has few right answers and frequently involves the management of conflicting tensions A dilemma thus arises in science teacher education of how to shift perspectives among student teachers from reductionist to more inclusive attitudes that are open to the mercurial realities of teaching The self studies presented here are unique fresh and stimulating They include the input of a beginning science teacher as well as science teacher educators from a range of backgrounds and varying levels of experience In addition the volume presents a truly international perspective on the issues with authors hailing from five countries Providing analysis at the leading edge of education theory this collection will make fascinating reading for those teaching science as well as those teaching science teachers
