*Space, Structures and Design in a Post-Pandemic World* Thomas Fisher, 2022-04-27

Pandemics have long term effects on how we live and work and the COVID 19 pandemic was no exception accelerating us into a digital economy in which people increasingly work shop and learn online transforming how we use space in person and remotely

*Space Structures and Design in a Post Pandemic World* explores the rebalancing of our physical and digital interactions and what it means for the built environment going forward This book examines the effect of the pandemic on our use of land interior space energy and transportation as well as on our approach to design wealth work and practice

Author Thomas Fisher also discusses the plagues of institutional racism and climate change that coincided with the COVID 19 pandemic and how these were interrelated At the same time as all of this the automation of all or part of many jobs continued unabated eliminating much of the work that people did before COVID 19 arrived

This text discusses how we might leverage the under utilized human talent and material assets all around us to rebuild our communities and our economy in more creative ways for a more equitable resilient future

*Space Structures and Design in a Post Pandemic World* will influence anyone interested in how design thinking can transform how we see the world and those looking for new ways to understand what the COVID 19 pandemic means and what opportunities it creates for our environments

*Digital Nomads* Rachael Woldoff, Robert C. Litchfield, 2021 Digital nomads are knowledge workers who actively seek a lifestyle of freedom using technology to perform their work remotely travelling far and wide and moving as often as they like They have left their local coffee shops behind and now proudly post their office of the day photos from exotic locales but what do their lives really look like This book takes readers into an expatriate digital nomad community in Bali Indonesia and presents new manifestations of classic questions about community creativity and the role of place in the modern human ecosystem It explains why digital nomads leave their creative class cities behind arguing that creative class workers though successful often feel that their world class cities and desirable jobs are anything but paradise This book follows nomads work transitions into freelancing entrepreneurship and remote jobs Then it explains how digital nomads create a fluid but intimate place based community abroad in the company of like minded others It shows why and how individuals blend in person and online activity in their pursuit of community and freedom This book provides insights into individuals efforts to live lives and create work identities that balance freedom community and creative fulfilment in the digital age and it provides insights into a larger cultural discourse about the future of cities work and community
