

# How the Tik Tok Algorithm Works

**1. First-time users** are shown 8 popular videos featuring different trends, music, and topics.

**2. The algorithm identifies** similar videos based on a user's engagement with those videos and interactions which includes:

Options: Hashtags Sounds Device

Account settings Country settings

Language preferences

**3. Once sufficient data** is collected clusters of users with similar interests are formed

**4. Machine learning** is used to distribute content to users based on proximity to other clusters

**5. TikTok keeps users** entertained by not showing repeat videos, music, or content creators
