## **How To Get Into Virtual Team Building Ideas Tips For Content Creators:**

**48 Home Business Ideas Guide** Manuela Willbold, Fernando Raymond, Introduction Your time is limited so don't waste it living someone else's life. Don't be trapped by dogma which is living with the results of other people's thinking. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary. Steve Jobs. Co-founder of Apple. Have you ever really taken the time to think about what you actually want out of your own life? It's not an easy task and many people don't make the effort as they probably feel it's not that important. But if you're in a place where you're questioning your lifestyle and what you do for a living, then this should be the first step you take to identify what you really want to spend the majority of your time doing. At ClickDo Ltd, a digital marketing SEO agency in London, the authors do what they love every single day, and with this book, they want to provide you with inspiration to find something you can see yourself doing in the near future. Fernando Raymond, the CEO of ClickDo Ltd, and Manuela Willbold, blogger, senior content writer at ClickDo Ltd, have created this guide with a mission to show people that as the internet marketplace grows, there are almost endless work options online for anyone with any talent and skill. With the creative support and vision of ClickDo, senior web designer Kasun Sameera, this book has come to life. In 20 years, you will be more disappointed by what you didn't do than by what you did. Mark Twain, American writer. We've all gone through this same experience: we went to school, got a degree, and worked, but did we do what we felt passionate about? Fernando started ClickDo Ltd because he asked himself that exact question. His vision was to lead a free life where he could work from anywhere in the world. He identified his passion for SEO and digital marketing and set up ClickDo Ltd with only a few clients in the early days. Kasun joined him, and together they went on the journey of building many more online businesses like web hosting company SeekaHost. Manuela felt an emerging passion for writing while working as a teacher and found ClickDo while searching for WordPress Training to start her own blog. Now she writes content and manages various ClickDo blogs. If they can do it, so can you. **Virtual Events**

**Student Agency in Devised Theatre Education** Mike Poblete, 2025-02-27 This monograph argues that implementing devised theatre as a learning praxis has a unique potential to cultivate student agency in the twenty-first century classroom. It offers actionable guidance for drama instructors by providing a new arts education methodology that emphasizes the role of student-led dramaturgy. Based on quantitative and qualitative analyses of survey results, group interviews, and field observations from the facilitation of two original pieces of digital devised theatre created by Pacific Islander and Asian American public high school students on Oahu, the author documents the crucial roles of constructive and resisting student agency in a devised theatre classroom. This book then departs from established research in

suggesting that passivity serves a crucial role in allowing students to assert agency nonconfrontationally which has considerable implications for peripatetic learners It also investigates the role of student agency in online theatre education which along with expected challenges was found to produce unique benefits such as real time documented performance feedback and accessible asynchronous teacher guidance Further a new form of student agency is identified one exclusive to online learning environments where students assert themselves by discussing technological challenges such as slow Wi Fi camera malfunctions or other pragmatic concerns Finally this book makes a case that the success of these projects with Pacific Islander and Asian American students suggests that although devising comes from a White Eurocentric tradition it can provide an effective learning strategy for students from a wide variety of backgrounds As global discourse continues to push toward reform that would allow populations around the world increased agency over their lives this volume makes a unique contribution to the critical conversation around student agency in education today and will appeal to scholars and researchers across arts education and theatre and performance studies
