Digital Economy and the New Labor Market: Jobs, Competences and Innovative HR Technologies Svetlana Igorevna Ashmarina, Valentina Vyacheslavovna Mantulenko, 2020-10-17 This proceedings book contains papers presented at the XI International Online Forum named after A Ya Kibanov Innovative Personnel Management which took place in Moscow Russian Federation 15th April 5th May 2020 Organized by Moscow State University of Management the Forum chiefly focused on HR management issues under conditions of active penetration of IT into the management and economic sphere

The authors of contributions included in this book examine both the theoretical basis for the development of the labor landscape in our digital future and specific practical issues related to the real business practice. The book includes results of multidisciplinary studies on the following issues: employment and the labor market; a future perspective; current trends of HR management; development in digital conditions; IT for creating healthy work conditions; digital transformation and new architecture of the labor market; innovative strategic HR management and HR analytics leadership etc. The book consists of six parts corresponding to thematic areas of the Forum. The first part deals with the transformation of the labor market under the influence of digitalization and international economic relations. The second part is devoted to the analysis of the current changes in the HR management caused by digitalization as well as issues of creating a healthy work environment and managing well-being with information technology. New architecture of the labor market is considered in the third part of the book in the face of the global uncertainty and the application of digital technology in entrepreneurial activities. The fourth part investigates innovative approaches to the personnel development from resource management to capacity management. The fifth part presents strategic HR management and HR analytics in the context of current macro calls. And finally, the sixth part is aimed at considering leadership aspects and relations between investments in the human capital and needed business results. This book is a combination of different scientific opinions and research works of scholars from different countries and regions offering us a colorful picture of the future labor landscape, jobs, competences and skills that will be in demand.

Modern Healthcare Marketing in the Digital Era Djakeli, Kakhaber, 2023-12-11. *Modern Healthcare Marketing in the Digital Era* edited by Kakhaber Djakeli from the International Black Sea University Georgia is a comprehensive guide that addresses the critical challenge of transforming healthcare marketing strategies in the dynamic landscape of the digital era. With innovative technologies like artificial intelligence, augmented reality, blockchain, and mobile applications reshaping the healthcare industry, this book offers practical insights and innovative methodologies to create a consumer-centric health culture. Healthcare professionals, policymakers, and marketers will find valuable guidance in bridging the gap between technology and marketing, enabling them to thrive in this ever-evolving landscape. Through its exploration of historical developments, the status, and the evolution of needs and demands in healthcare markets, the book equips readers with the tools they need to navigate the complexities of modern healthcare marketing. It covers essential topics such as patient segmentation, customer relationship management, and the integration of virtual and augmented reality in healthcare marketing and sales. By providing real-world examples and empirical research findings, *Modern Healthcare Marketing in the Digital Era* serves as a practical roadmap for transforming healthcare services, fostering patient-clinic partnerships, and enhancing health literacy through effective marketing efforts. With its valuable insights, this book is a vital resource for students, educators, healthcare professionals, policymakers, and researchers, empowering them to embrace digital innovations and cultivate a consumer-centric health culture for superior patient care and satisfaction. *OECD Rural Studies Enhancing*
