Warnick, 2022-07-26 Even when your job can be done from anywhere the place you call home still matters a lot By the old rules of work your dream career determines where you live If you want to make movies move to Los Angeles If you want to work in publishing you must be in New York And if you're launching a start up you'll only succeed in Silicon Valley But with the meteoric rise of remote and freelance work more people than ever are becoming location independent Even doctors teachers and other people in more traditional occupations have to make tough choices about where they settle because living in the right place can still make all the difference for your success and happiness So if work won't dictate where you live how will you ever decide If You Could Live Anywhere answers that question Melody Warnick unpacks the big picture concerns that we often miss when we're writing pros and cons lists about potential destinations Because the secret to being happy isn't moving it's aligning your location with your values You'll learn how to craft a personal location strategy that will make the most of your money your community and your life with success stories from people who flexed their location independence to find homes and work they love The future of work is clear it can happen wherever you are So where do you really want to be

*Why Are We Here?* Jennifer Moss, 2025-01-21 A deeply human exploration of how our relationship with work has evolved and a guide for leaders who aim to make things right from the author of *The Burnout Epidemic* Work has recently undergone profound changes not all for the better AI's acceleration has led to worker fears and uncertainties around job security DEI initiatives are underfunded or canceled The debate over remote hybrid and in person work is growing more heated And study after study confirms a widespread sense of employee unhappiness in the workplace Workers are left to reexamine their relationship with work asking themselves Why are we here Workplace expert Jennifer Moss author of *The Burnout Epidemic* takes readers to the front lines of this historic shift Through extensive interviews she uncovers why work has changed and highlights the leaders and organizations who have managed to build cultures that everyone really wants Packed with fresh insights new research and compelling stories *Why Are We Here* illuminates this turbulent time and offers inspiration and practical guidance for leaders navigating our complex ever changing world Digital Nomads Living on the Margins Beverly Yuen Thompson, 2021-06-11 In this increasingly neoliberal gig economy exponentially expanding with technological advances the ability to work online remotely has led some western millennials to travel the world to work and play while making a subsistence living as digital platform workers **Business Week**, 2007 **The Evolution**, 1877
