The Sash on the Mersey Mervyn Busted,2023-11-16 The book examines how an organisation originating in late eighteenth century Ireland became a significant and controversial element in Liverpool history Using a wide range of sources including rarely accessed Orange Order records it places the Order within an early nineteenth century Liverpool context of apocalyptic evangelical Protestantism a labour market dominated by irregular dock work a growing influx of immigrant Catholic Irish marked residential segregation and sporadic civil conflict It explores how the Order survived official disapproval dissolution and schism to become deeply rooted within Protestant working class communities It analyses the attractions of lodge life the appeal of ritual colourful regalia and 12th July processions the intense social bonding within lodges the mutual support provided in adversity and measure taken to guard and transmit their world view The intense royalism and patriotism of the Order and its troubled relationship with the Church of England are examined plus its role in sustaining the working class Tory vote which contributed to a century long Conservative hegemony in city politics The book concludes with the cultural and socio economic changes in British society which marginalised the core concerns of the Order triggering decline in strength visibility and significance in civic life

Ireland Paul Bew,2007-08-16 The modern Irish question is defined by many as a case of a great and supposedly liberal nation supposedly mistreating a smaller one This text embodies a new approach to this issue analysing key issues from religious discrimination and famine to the passions of both nationalism and unionism

The Road to Home Rule Paul A. Townend,2016-11-22 Shows that a rising antipathy in Ireland toward Victorian Britain s expanding global imperialism was a crucial factor in popular support for Irish Home Rule

George Boyce, Alan O'Day, 2002-01-04 *Defenders of the Union* is a concise and readable overview of the history and contentious politics of Unionism and the affect it has had on Anglo Irish relations over the last two hundred years It is an essential guide to this confusing topic and covers key areas such as definition of unionism establishment of the union Unionist literature loyalists since 1972 **Ireland and Anglo-Irish Relations Since 1800: Parnell and his legacy to the Treaty** Neil C. Fleming, Alan O'Day, 2008 This landmark series of three volumes brings together selected essays from leading and specialist journals that have made a significant or original contribution to Irish historiography Each volume contains a range of articles reappraising the major political themes of the period but also offering new interpretations on social economic cultural and religious history as well as women's history and historical geography Introductions to each volume explain the specific and wider significance of the articles **Irish Economic and Social History**, 1996 **Politics and Power in Victorian Ireland** Roger Swift, Christine Kinealy, 2006 This collection of original essays sheds new light on the political history of Ireland during the Victorian period These include major reassessments of the attitudes of Queen Victoria and her prime ministers towards Ireland and the Irish Question the ideological influences on Irish radical and nationalist movements during the period the nature and development of Irish unionism and the ways in which political power was influenced mobilized exercised and mediated As such this volume offers new perspectives on the inter relationships between class gender and nationalism demonstrating how Irish politics both energized and shaped political discourse throughout the whole of the United Kingdom during the Victorian period *Ireland, 1905-1925: Text and historiography* Russell Rees, Anthony C. Hepburn, 1998 This is a readable account of Irish history in the first quarter of the 20th century Drawing on the most recent scholarship on this period the author presents a balanced narrative with a useful historiographical section at the end of each chapter *Victoria's Ireland?* Peter Gray, 2004 This collection of interdisciplinary essays focuses on the articulation and interplay of Irish and British identities during the Victorian period in Ireland Great Britain and beyond To some commentators inherently antagonistic to others potentially complementary Irishness and Britishness were described and contested with increasing intensity throughout the long period of Victoria's reign These essays utilize a range of themes to throw light on the complexities of that relationship including the Victorian monarchy's attitude towards Ireland and Irish reactions to it debates about Irish difference and integration and varied constructions of Ireland's place in the imperial world order It gives particular attention to the Famine as a rupturing force in Victorian Irish British relations and to attempts made

to contain this cleavage in literature economic theory and policy **Radical Irish Priests, 1660-1970** Gerard Moran,1998 This collection of essays investigates instances of radicalism in the Catholic church in Ireland between 1660 and 1970 The subject is examined through the lives of nine clerics who came into conflict with Church and state authorities on political and social issues The clerics studied here were all prominent figures at local or national level and two of them were executed in the eighteenth century **Irish Home Rule, 1867-1921** Alan O'Day,1998 Based on 11 primary documents from the Proclamation of an Irish State 1867 to the Articles of Agreement for a Treaty Between Great Britain and Ireland December 6 1921 and the literature on Home Rule discussed in the text the author academic affiliation unspecified examines for perhaps the first time in a single analysis the content and context of the various Home Rule schemes the opposition to self government other reform alternatives and what a Dublin Parliament was expected to accomplish Includes a chronology and glossary of key individuals and principal legislation referred to in this complex history Paper edition unseen 24 95 Distributed in the US by St Martin s Press Annotation copyrighted by Book News Inc Portland OR **The Holy See, British Policy and the Plan of Campaign in Ireland, 1885-93** Ambrose Macaulay,2002 The response of agrarian activists in Ireland to the crisis which from 1884 was precipitated by a decline in prices for cattle and dairy prices an increase in imports of grain from America Canada and Australia to the British market and a downturn in turn in the British economy was the founding of the Plan of Campaign in 1886 The Plan was a system of collective bargaining whereby the tenants offered their landlords a reasonable rent and if he declined lodged it with trustees who would use it together with funds from other sources to support them if they were evicted The Plan which was accompanied by the boycotting of those who aided evicting landlords was denounced to Rome by the Duke of Norfolk and Captain John Ross of Bladensburg as immoral A papal delegate was sent to Ireland on a fact finding mission in 1887 A decree condemning it was issued in April 1888 and caused consternation both among church and political leaders and the general catholic public The Vatican tried for the next couple of years to get a generally unenthusiastic hierarchy to implement the decree but with limited success Shortage of funds and the Parnell split eventually put an end to the Plan The decree and the reaction to it have long interested historians but until now no one has made use of the archives of the Roman congregations that were concerned with Irish agrarian and political issues It is hoped that this study will further illuminate this controverted period *Nineteenth-century Ireland* Laurence M. Geary,Margaret Kelleher,2005 A guide to contemporary approaches to studying Ireland in the nineteenth century British Opinion and Irish Self-government, 1865-1925 Gary Peatling,2001 The movement in British public opinion towards the acceptance of Irish self government in the late nineteenth and early twentieth centuries has not been systematically investigated by historians The result is that British acceptance of political independence in Ireland has been regarded as the result of a combination of self interested machinations by politicians and a weak and distracted response to political violence This book posits a different explanation which emphasises the influence of international developments on the ideological context of British

attitudes to Ireland in these years
