Colonial Russian America Kirill Timofeevič Chlebnikov, 1982 *Colonial Russian America* Kirill Timofeevich Khlebnikov, 1976 **Colonial Russian America** Кирил Тимофеевич Хлебников, Oregon Historical Society, 1976 Reports intended as an official investigatory report to the Directors of the Russian American Company For Honor & Country Bruno de Hezeta, 1985 In the spring of 1775 a young Basque naval officer named Bruno De Hezeta laid claim to the Oregon Country His diary is a compelling yarn of high seas adventure *Russian America* Ilya Vinkovetsky, 2011-04-06 From 1741 until Alaska was sold to the United States in 1867 the Russian empire claimed territory and peoples in North America In this book Ilya Vinkovetsky examines how Russia governed its only overseas colony illustrating how the colony fit into and diverged from the structures developed in the otherwise contiguous Russian empire Russian America was effectively transformed from a remote extension of Russia's Siberian frontier penetrated mainly by Siberianized Russians into an ostensibly modern overseas colony operated by Europeanized Russians Under the rule of the Russian American Company the colony was governed on different terms than the rest of the empire a hybrid of elements carried over from Siberia and imported from rival colonial systems Its economic labor and social organization reflected Russian hopes for Alaska as well as the numerous limitations such as its vast territory and pressures from its multiethnic residents it imposed This approach was particularly evident in Russian strategies to convert the indigenous peoples of Russian America into loyal subjects of the Russian Empire Vinkovetsky looks closely at Russian efforts to acculturate the native peoples including attempts to predispose them to be more open to the Russian political and cultural influence through trade and Russian Orthodox Christianity Bringing together the history of Russia the history of colonialism and the history of contact between native peoples and Europeans on the American frontier this work highlights how the overseas colony revealed the Russian Empire's adaptability to models of colonialism **Colonial Russian America (Materialy dlja istorii russkich zaselenij po beregam vostočnago okeana, engl.) Clothing in Colonial Russian America John Middleton, 1996 Clothing worn at Fort Ross in California Russian America in 1833 James R. Gibson, 1972 **Glorious Misadventures** Owen Matthews, 2013-11-12 Two centuries ago shortly after the U S was formed a Russian expedition set its sights on the Pacific Northwest It could have changed history At the dawn of the nineteenth century two empires met on the far side of North America Spain was the tired and hidebound colonial master of much of the Americas Russia was the upstart hungry for America's Pacific Northwest coast a prize left unclaimed after the golden age of exploration The dream of a Russian America became the goal of the Russian America Company championed and led by Nikolai Rezanov aristocratic adventurer and diplomat and courtier to Tsar Alexander I At a time when John Jacob Astor was amassing his own fortune in the fur trade Rezanov envisioned transforming fur hunting stations on the Alaskan coast into the hub of a Pacific empire stretching from Siberia to California The distances were vast thousands of

miles overland across the endless Russian steppes thousands more by sea to Alaska and down to San Francisco bay His men were unreliable disorderly dissolute disease ridden and the dangers ever present Yet Rezanov persisted and in 1806 just as Lewis and Clark were discovering the Columbia River to the north he came close to realizing his dream Had he done so the history of the United States might have been very different Owen Matthews brilliantly chronicles a hitherto untold story of adventure and colonial ambition brought to life by vivid first hand accounts and his own travels across Russia recalling a time when dreams of glory pushed men to the limits of human endurance "The Touch of Civilization" Steven Sabol,2017-03-15

The Touch of Civilization is a comparative history of the United States and Russia during their efforts to colonize and assimilate two indigenous groups of people within their national borders the Sioux of the Great Plains and the Kazakhs of the Eurasian Steppe In the revealing juxtaposition of these two cases author Steven Sabol elucidates previously unexplored connections between the state building and colonizing projects these powers pursued in the nineteenth century This critical examination of internal colonization a form of contiguous continental expansion imperialism and colonialism that incorporated indigenous lands and peoples draws a corollary between the westward moving American pioneer and the eastward moving Russian peasant Sabol examines how and why perceptions of the Sioux and Kazakhs as ostensibly uncivilized peoples and the Northern Plains and the Kazakh Steppe as uninhabited regions that ought to be settled reinforced American and Russian government sedentarization policies and land allotment programs In addition he illustrates how both countries encountered problems and conflicts with local populations while pursuing their national missions of colonization comparing the various forms of Sioux and Kazakh martial political social and cultural resistance evident throughout the nineteenth century Presenting a nuanced in depth history and contextualizing US and Russian colonialism in a global framework The Touch of Civilization will be of significant value to students and scholars of Russian history American and Native American history and the history of colonization Russian America Richard A.
