*Colonialism in East-West Relations* Zafar Imam, 1969      *Colonialism, Orientalism and the Dravidian Languages* K. Venkateswarlu, 2020-11-29 The Dravidian language family is marked historically by a protracted struggle between Tamil and its aggressively assertive supremacy and the consequent peripheralizing of other majoritarian languages of the region This book looks at the development of Telugu with its unique grammatical and lexical tradition as instrumental in the construction of the concept of the Dravidian language family in 1816 and in the development of comparative linguistics since that time The author s arguments locate Telugu in multiple matrices of historical and theoretical Orientalism the colonial state s interest in native languages the politics of state patronage questions of cultural assimilation and divergence the overbearing presence of Tamil and its literary traditions and the related inter and intra civilizational dialogues The book thus grapples with the tortured emergence of Telugu a product of the dynamics of Andhra society economy polity and culture influenced and driven by Muslim Hindu and Western influence With its richly textured narrative this book will be of interest to those in the fields of history sociology socio linguistics colonial studies and literature apart from the generally interested reader      **Colonialism in East-West Relations** Zafar Imam, 1987-01-01      [The Gaze of the West and Framings of the East](#) S. Gómez, 2000 Until World War II the Four Corners Region where New Mexico Colorado Utah and Arizona meet was a collection of isolated rural towns In the postwar baby boom era however small communities like Farmington New Mexico became bustling municipalities with rapidly expanding economies In Quest for the Golden Circle Arthur Gomez traces the development of the Four Corners two industries mining and tourism to discover how each contributed to the economic and urban transformation of this region during the 1950s and 1960s Focusing on four cities Durango Colorado Moab Utah Flagstaff Arizona and Farmington New Mexico Gomez chronicles how these towns played key roles in the West s dramatic postwar expansion Cities such as Denver Albuquerque Phoenix Tucson El Paso and Salt Lake City all grew through use of the abundant petroleum uranium natural gas timber and other natural resources extracted from the Four Corners region But the energy boom in these towns was not to last With the arrival of foreign oil bringing economic growth to a halt in the early 1970s town leaders turned again to the land to stimulate their economy This time the resource was a seemingly inexhaustible one tourism Gomez examines how business minded citizens marketed the area s scenic wonders and established the entire region as a tourist destination Their efforts were further assisted by the selection of stunning federal lands Mesa Verde Grand Canyon and Arches National Parks

as treasures protected and promoted by the National Park Service Both mining and tourism however were beset by complex new problems and issues Extensive highways for instance were planned to bisect a Navajo reservation As Gomez illustrates the growing cities in the Four Corners region felt tremendous competing pressures between outside business powers and local needs as their extractive economy boomed and busted and as they then struggled to attract tourism dollars In addition he highlights the prominent roles played by federal agencies like the Atomic Energy Commission and the National Park Service in shaping regional destiny An outstanding analysis of the complexities of postwar development Quest for the Golden Circle successfully illuminates the history of one region within the larger story of the modern American West     Summary of the Yugoslav Press ,1961-03-03
