Scottish Emigration to Colonial America, 1607-1785 David Dobson, 2011-03-15 Before 1650 only a few hundred Scots had trickled into the American colonies but by the early 1770s the number had risen to 10 000 per year A conservative estimate of the total number of Scots who settled in North America prior to 1785 is around 150 000 Who were these Scots What did they do Where did they settle What factors motivated their emigration Dobson s work based on original research on both sides of the Atlantic comprehensively identifies the Scottish contribution to the settlement of North America prior to 1785 with particular emphasis on the seventeenth century

John Witherspoon's American Revolution Gideon Mailer, 2016-11-23 In 1768 John Witherspoon Presbyterian leader of the evangelical Popular party faction in the Scottish Kirk became the College of New Jersey s sixth president At Princeton he mentored constitutional architect James Madison as a New Jersey delegate to the Continental Congress he was the only clergyman to sign the Declaration of Independence Although Witherspoon is often thought to be the chief conduit of moral sense philosophy in America Mailer s comprehensive analysis of this founding father s writings demonstrates the resilience of his evangelical beliefs Witherspoon s Presbyterian evangelicalism competed with combined with and even superseded the civic influence of Scottish Enlightenment thought in the British Atlantic world John Witherspoon s American Revolution examines the connection between patriot discourse and long standing debates already central to the 1707 Act of Union about the relationship among piety moral philosophy and political unionism In Witherspoon s mind Americans became different from other British subjects because more of them had been awakened to the sin they shared with all people Paradoxically acute consciousness of their moral depravity legitimized their move to independence by making it a concerted moral action urged by the Holy Spirit Mailer s exploration of Witherspoon s thought and influence suggests that for the founders in his circle civic virtue rested on personal religious awakening
