Color For Adventurous Gardeners:

Color for Adventurous Gardeners Christopher Lloyd, 2001 An illustrated gardening book about using color for its maximum impact and understanding successful color associations with plants Colour for Adventurous Gardeners Christopher Lloyd, 2004 Here at last is a book on gardening with colour by its most adventurous exponent Christopher Lloyd COLOUR FOR ADVENTUROUS GARDENERS is about using colour for maximum impact No border no garden is ever monochromatic and even an all green garden consists of many shades yet books for gardeners treat each colour as a separate entity and like painting by numbers set out rules to be followed With a chapter on every colour from Challenging Orange to Sophisticated Black Christopher Lloyd explores each colour in relation to others and discusses the rules in order to encourage the gardener to break them The limitations imposed by rules he writes are a safe haven but the adventurous gardener will want to try something different If a colour is polite Lloyd certainly knows how to liven it up without making it vulgar In a fashionable all white border he advocates a touch of clear pink to make you sit up he suggests bright scarlet rose hips in a purple bed to introduce a note of rebellion COLOUR FOR ADVENTUROUS GARDENERS is NOT another book on gardening with colour It is opinionated it is controversial and it is the most colourful book on plant associations you will ever read
