Colors and Shapes to Share Jennifer Holder, 2001-04 **Sharing the Journey: Literature for Young Children** David Yellin, 2017-05-12 This wonderful resource from two authors with an infectious enthusiasm for children's literature will help readers select and share quality books for and with young children. Specifically focused on infants through the third grade, *Sharing the Journey* contains descriptive book annotations, instructive commentary, and creative teaching activities tailored for those important years. Extensive book lists throughout will help readers build a library of quality children's literature. Books representing other cultures are included to help celebrate diversity as well as cultural connection. Genre chapters include poetry, fantasy, and realistic and historical fiction. A chapter on informational books demonstrates how young children can be introduced to and learn to enjoy nonfiction.

Phenomenology and Existentialism Reinhardt Grossmann, 2013-10-08 Professor Grossmann's introduction to the revolutionary work of Husserl, Heidegger, and Sartre studies the ideas of their predecessors too, explaining in detail Descartes's conception of the mind, Brentano's theory of intentionality, and Kierkegaard's emphasis on dread while tracing the debate over existence and essence as far back as Aquinas and Aristotle. For a full understanding of the existentialists and phenomenologists, we must also understand the problems that they were trying to solve. This book, originally published in 1984, presents clearly how the main concerns of phenomenology and existentialism grew out of tradition.

Design Elements, Color Fundamentals Aaris Sherin, 2012-01-01 Color is an integral part of any design solution. *Design Elements Color Fundamentals* is an essential resource for designers who want to create memorable design and successfully communicate with their audience.
