erosion of tenets many Japanese feel have been important to their identity as people cohesion as a community and success as a renovating democracy taming militarism and rejoining the community of industrialized societies but seems to have done a better job in containing and coping with these problems This interpretive history focuses on the economic miracle how Japan s troubled past in Asia is debated among Japanese and how it influences its contemporary regional relations the changing role of women the implications of Japan s demographic time bomb the Third Transformation and the Lost Decade of the 1990s *Martindale Hubbell Law Directory* Martindale-Hubbell,2003-12 **The Cumulative Book Index** ,1900 A world list of books in the English language **Library Journal** ,1998-10 **Who's who in New York City and State** ,1907 Containing authentic biographies of New Yorkers who are leaders and representatives in various departments of worthy human achievement including sketches of every army and navy officer born in or appointed from New York and now serving of all the congressmen from the state all state senators and judges and all ambassadors ministers and consuls appointed from New York Doorway to Freedom William E.
