Columbus and His Predecessors Charles Hallan McCarthy, 1912      **Columbus and His Predecessors: A Study in the Beginnings of American History** Charles Hallan McCarthy, 2023-07-18 This book is a scholarly examination of the search for the origins and meaning of the American continent from the ancient myths of the Greeks and the Vikings to the voyages of Columbus and his contemporaries It explores the cultural religious and political contexts of these journeys and their impact on the development of American identity This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Columbus and His Predecessors** Charles H. McCarthy, 2015-08-09 Excerpt from Columbus and His Predecessors A Study in the Beginnings of American History Although the approved method whereby the present day historian gleans the facts of his narrative is by research among original documents and contemporary papers and by collating these in the most critical manner this method seems to have been little followed in the history of the discovery of America Strange as it may seem the beginnings of the history of the New World remain hidden in the dusk of uncertainty At best we have come only into the twilight of knowledge regarding even the central figure of this period for it cannot be said that the full and accurate story has yet been told of the man himself who is the accepted discoverer of the Western hemisphere In view of our honest pride in our country s standing among the nations it is far from flattering that we should have to make such an admission at this late date Viewed from another angle however one may find that our neglect in this regard is partly extenuated by the distracting conditions which sit upon a country during the period of its formative and maturing process About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      Columbus and His Predecessors; A Study in the Beginnings of American History Charles Hallan 1860-1941 McCarthy, 2016-05-05 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries
