Miller,2016-06-21 I have waited for over 45 years to tell this story initially because I just wanted to forget the war and get on with making a living and raising a family The other reason is that 45 years ago thanks to the biased media the American fighting man was not held in very high esteem and no one was ready to hear anything good about the Vietnam War or about the men who fought and died there This book is less about me and more about the sacrifice incredible hardships and heroic actions displayed by the Marine Grunts that I had the privilege to treat during battles on the DMZ It s about time you heard the truth about their story Semper Fi Larry C Miller Doc USMC

**Corpsman Up** Paul Baviello,2018-02-17 Corpsman Up is the cry that echoes across the battlefield whenever a Marine is wounded in combat The book tells the story of men at war from a unique perspective that of a medical specialist assigned to a Marine combat platoon It is 1969 Hospital Corpsman Mike Lombardo arrives in Vietnam determined to follow in the footsteps of his Dad and Grandfather in war He quickly discovers there is nothing glamorous or heroic about war Through Mike s eyes you go on a journey into a living hell and experience the thrills and horror of combat the agony of the wounded and dead and see foxhole relationships develop between blacks and whites farm boys and city kids Experience the anguish and concern with Mike when friend after friend is wounded and he knows that their lives are in his hands and then wonders for the rest of his life if he did the right things      Corpsman Up Jeffrey Allen Riffle,2014 This research explores the lived experience of Navy Hospital Corpsmen medics who have served in combat with U S Marine Corps units in Iraq and or Afghanistan It uses interpretive phenomenological analysis IPA to examine both the lived experiences and the derived meaning of those experiences The participants included eight corpsmen that were screened for inclusion using the PTSD Checklist Military Version and the DSM IV The participants were asked a series of open ended questions and were encouraged to discuss their traumatic experiences in combat their past and current challenges with PTSD and any meaning that they may have assigned to their experiences The findings included an examination of the corpsmen s exposure to trauma and what they each interpreted as the most troubling experience they encountered It explored their perceptions of having experiences which were different and unique as compared to the Marines with whom they served The research examined the participants experiences in providing medical care for Marines enemy combatants and children The findings included the corpsmen s affective cognitive and behavioral responses to the trauma they experienced The participants shared the meaning they derived from their personal experiences from the wars and from the losses of life they witnessed They shared their perceptions of how they have been changed by their trauma experiences The findings reported the participants experiences with the symptoms of PTSD as they are currently defined in the DSM 5 It also reported disagreements that participants voiced regarding current PTSD policies and protocols and their proposed recommendations for improving those areas These findings give increased insight into the experiences and mindset of combat veterans in general and Navy hospital corpsmen

specifically This greater understanding has direct implications for improving the therapeutic approaches used in PTSD treatment It provides insight into the unconscious mental processes of medical personnel who have served in combat which is consistent with depth psychological approaches *Hold Your Head High, Marine* Eanos Thomas Evans,2007 *Marine Down, Corpsman Up* Ron Mosbaugh,2018-08-29 The author a highly decorated sailor relates the history of his thirteen month tour of duty in wartime Vietnam in 1966/1967 He embedded within the Marine Corps tells about treating the wounded while exposed to live fire conditions on everything from squad size patrols to company size missions The author also relates how he fulfilled his responsibility for the marines health in camp he was often the only medical person within miles He describes the procedures for getting the wounded aboard a helicopter and transferred to a field hospital Added to his responsibilities was caring for civilians as the United States tried to win the hearts of the Vietnamese people He even had to treat a wounded Vietnamese who was still wearing the bandage he got from a prior skirmish with the Americans Of equal interest to the author are the effects of battle not only on the warrior at the time but also in his life after military service PTSD even affected this corpsman and he suffers from it both inpatient and outpatient experiences Nineteen years old at the time of the war he describes how quickly youth and social behavior are lost in combat The author tells his story in fresh readable prose and does not lose the reader in the actions of higher authority He gives personal statements in a short reflection at the end of each chapter **Real Blood! Joseph Barna, 2021-07-22 I was knocked down by a shell As I found myself laying on my back the half full flamethrower tank pinning me to the ground a North Korean soldier came at me with his bayonet In his quilted suit he seemed to come out of nowhere I can still see his face and smell the garlic on his breath As he lunged at me I was able to turn but he stabbed my upper left arm with his bayonet I had a double barrel shotgun taped on the arm of my flamethrower and gave him both barrels I think I blew him in half The battle kept going on around me Weapons fire was all around me and I heard other boys being hit and falling I laid there feeling weak as blood from my deep wound seeped out on the Korean dirt I must have been ready to blackout when I heard a familiar voice say Joe if I don t close up that wound you ll die Paragraph italicized From growing up in a small Pennsylvania town through Marine Corps boot camp and training and finally remembering and coping with buried memories decades later Korean War combat veteran Joseph Barna recounts his life events that will put a tear in your eye and a smile on your face
