Combat Medic Vietnam:

Doc Daniel E. Evans, Daniel E. Evans, Jr., Charles W. Sasser, 2002-10 HE GAVE MEN A FIGHTING CHANCE TO SURVIVE Dan Evans arrived in Vietnam on October 7 1968 a 21 year old Army medic who couldn't stand the sight of blood Thrust into the cauldron of combat he soon became a seasoned veteran of emergency medicine and the brutal realities of war Before his time was up he would master the skills of a surgeon acquire the patience of a saint and demonstrate the courage of a lion Here in his own words is the gripping true story of Dan Evans the highly decorated soldier whom the men of First Platoon Bravo Company called the fighting medic Experience the rage the sorrow and the remarkable spirit of Dan Evans the PLATOON MEDIC who became a true American hero Combat Medic Vietnam Craig Roberts, 1991 The personal stories of ten decorated Army medics and Navy corpsmen describes their harrowing wartime experiences in Vietnam from their encounters with the brutalities of the area to their frustrations with failure Reissue Another Fuggin' War Story Herald E. Paetow, 2021-10-25 This story is written by a lifelong pothead Me Most of it is probably true if not a little exaggerated So if there's any question on the veracity of my tale I'll refer to you elsewhere because only those who were there know the truth What I can tell you is how overwhelming it is to have someone's life in my hands while secretly wondering what the hell to do next But here I am everyone looking for me to save them No matter I'll keep my guys alive if it's the last thing I do Then when it's over I'll undoubtedly find some trouble to get into because life's too short not to have a little fun The waiting joint is my reward promising great ideas to keep me busy If only they didn't backfire so spectacularly like the time I took on the rat infestation with C4 and an ammo can when I caused myself to be whipped by a 100 foot tree or the time I blew up half of the encampment Now all I have to do is stay out of my CO's line of sight which is not as easy a task as you might think This is not a traditional war story but instead a journey of a young man coming of age in a war torn country From the moments of crisis where he shows his true grit to save a life to the trouble he gets into daily you won't be bored And it's all true P B Lee Spec 4 *Vietnam Combat Medic* Ron Donahey, 2018-11-06 One man's view into life in the 60s The 1940s and 50s birthed many new things including Ray Donahey a boy raised in a family not quite poor and not quite middle class He and his sister were loved and protected by their parents and their tight knit extended family and grew to love God with the help of their mother and the church they attended every week So when the time came to register for the draft 20 year old Ray was already determined to never take a life Yet being a soldier was something he looked forward to The was only one choice he could make become a combat medic and ship out to Vietnam Vietnam Combat Medic is the true story of one conscientious objector's journey through the central highlands everything that brought him to that point and how it changed his life forever

Army Combat Medics in the Vietnam War Harry Spiller, 2024-05-07 In this book nine U S Army combat medics share their experiences during the Vietnam War in their own words Their accounts relate why they joined the Army during wartime and why they became medics alongside minute by minute gut wrenching recollections of caring for the wounded and dead

under fire They also reflect the long term effects that the war had on the medics and their families

Vietnam: There and Back: A Combat Medic's Chronicle Jim Purtell,2018-02-26 In 1967 Jim Purtell left his small Midwestern town to join the U S Army He did so at a time when the country was pro Vietnam and serving seemed an honorable thing to do Little did he know that the tide would turn a mere six months later as drastically as it did VIETNAM THERE AND BACK is a candid account of the time when he and several other combat vets found themselves conducting operations in the jungles of Vietnam during and after the Tet Offensive Purtell describes in gritty detail what it was like to live and fight with an infantry company only to return to anti Vietnam sentiment so strong that he and his fellow veterans felt nobody cared about them or the sacrifices they made

Combat Medic Bill Meyer,William Meyer,1998 The book describes the work of combat medics during the Vietnam War

Doc Kelley Linda Pietenpol Kelley,2015-08-12 It is 1970 and newlywed Linda s young soldier husband Jim has just boarded a jet plane bound for Vietnam where he will serve as a combat medic This is their story told through his letters home and her memories Tragically their story is not unique Anyone who s ever waited at home while their loved one is away at war will remember how it feels Anyone who has someone in their life who was in a war before they knew them or even before they were born may begin to understand how war affects our very being There is perhaps no more first hand information about what it s like to be in a war than letters from a war zone

Doc Jackson's Letters Home Jerome Jackson,Constance Crooker,2015-03-23 Private E 1 Jerome Jackson s letters hurriedly handwritten on muddy paper to his mother from jungles and sandbag bunkers tell the true first person contemporary account of a combat medic rich with the details of how soldiers survived day to day in a life threatening landscape They reveal Doc s rage against the mismanagement of a military fiasco during what Jackson considered a senseless war The letters were discovered in his mother s estate Interspersed are related recollections as told from his wheelchair to co author Constance Emerson Crooker who adds commentary to give context A testament to raw human courage the will to persist and survive even to find grim humor in the absurdity of his fate A remarkable and truly honest book about war Rebecca Pepper Sinkler Former editor in chief The New York Times Book Review Fascinating letters from a frontline medic with a need to shield his family from war s horrors and dangers while relating daily details of army life Peder Bisbjerg Environmental Engineer twenty years experience living and working in Vietnam This book is a must read for any politician who is thinking of sending young Americans into the carnage of war with the foolish idea of reshaping another country John A Wetteland Jr A Battery 1 83d ARTY March 1969 May 1970 Doc Jackson s legacy of truth is recorded in his letters sent home history that would become a treasured time capsule Mike Hastie Army Medic Vietnam 1970 71

Combat Medics In Vietnam Lennie Sandstrom,2021-05-31 The medical platoon leader is a working physician on Treatment Team Alpha He is the medical advisor to the squadron commander and his staff He is also the supervising physician field surgeon

of the medical platoon's treatment teams. This officer is responsible for all medical treatment provided by the platoon. This book of memories revealed by a 70-year-old Army soldier describes his experiences while serving as a Combat Medical Platoon Leader in Vietnam during the 1970-1971 Vietnam War time frame. His memories are vivid, especially those depicting the faces of the dead and the dying. Because of the author's deep concern about the impact of PTSD (Post Traumatic Stress Disorder) on returning veterans and the Veterans Administration statistic that reveals 22 of those veterans commit suicide every day in the United States, he has committed to pledging the proceeds made from the sale of this book to selected non-governmental veteran organizations that are devoted to supporting the treatment of those veterans suffering from this condition.

Care Under Fire Bill Strusinski, 2020-05 For many surviving military veterans the Vietnam War is an indelible part of their lives. That they survived is due in many cases to the heroic life-saving actions of combat medics like Bill Doc Strusinski. Being a frontline medic was and still is one of the most dangerous jobs in the Army. Medics were targeted by the enemy and often called upon to aid fallen soldiers in the line of fire. In Strusinski's riveting book *Care Under Fire*, Strusinski thrusts the reader squarely into moments of terror during firefights, the exhaustion of endless patrols, the anguish of losing buddies despite best efforts to save them, and the intimate bonds created during times of desperate need. This is a book about war, yes, but even more about how one man was transformed by his sacred duty to offer care under fire to the young soldiers he fought beside.

Vietnam War D. Kalten, 2015-05-01 The photographs on these pages are from a private photograph collection taken during the Vietnam War by a combat medic in Vietnam. He spent much of his time with the 25th ID between August 5, 1967 and July 28, 1968, the time period of these photographs. At that time he was assigned to the 1st 27th Wolfhounds 25th Infantry Division. This is the Black & White photograph version. Many young men, the baby boomers, were involved in the Vietnam War in the days of the United States military draft. Those who were there well remember the war and the loss of friends. There was anger by the general population towards our own country concerning the involvement, and many protests were done against the war. Many refer to those days as the days of Hanoi Jane and lying John.

Dance Of The Chameleon Jim R Squadrito, 2021-03-26 *Dance of the Chameleon: A Vietnam Medic's Story* is an eyewitness account of both heroic and shameful events occurring during the Vietnam War. Decorated medic James Squadrito served in three venues in Vietnam where the experiences he recounts in the book were far too common: Rampant drug use among soldiers, sex trafficking of Vietnamese women as young as twelve and thirteen years old, both on and off base, ill-trained officers, and woefully prepared medics including himself were common realities during the war. Jim tells of incidences of soldiers he had to patch up who had shot themselves to get sent home, of dead soldiers who were shot by friendly fire in retaliation for their attempts at troop discipline and racial infighting that mirrored the conflicts of the civil rights movement stateside. Arms trafficking and drug and artifact smuggling were standard crimes perpetrated by soldiers and officers. Fortunately, these and other inglorious moments were counterbalanced by self-sacrifice and heroism. Jim, who chameleon-like changed his colors from the spoiled frat

boy to a productive citizen recounts his personal journey of growth from cynicism to spirituality After leaving the service and left scarred by his experiences he would talk with other Vietnam soldiers at vets gatherings These sessions were cathartic for him and provided a motivation to write this book which he hopes will be a source of healing for his comrades who still haven't recovered from the ravages of the Vietnam conflict There are over one hundred thousand medics in the United States who walked the tightrope of saving lives and being pulled into actual combat when enemy troops ignored the Geneva Convention protocols This book is a tribute to them who put the lives of soldiers first above their own [A Graveyard Called Two Bits](#)

Brad Smith, 2017-09-09 DESCRIPTION Vietnam War Memoir Ages 13 through Adult I know you're the great humanitarian Doc said the Lieutenant but we can't stop the war for one little girl South Vietnam 1966-1967 In the killingest unit 1st Air Cavalry Division during the deadliest year 1967 of the entire Vietnam War a scrawny 19-year-old Medic fought his own battle In a unit where the Medics suffered 94 percent casualties half of them KIA he left his M16 behind to carry extra aid gear When other Medics carried weapons and even killed prisoners Doc Smith treated wounded children and villagers and even cared for captured VC and NVA enemy troops At times ridiculed his actions were instrumental in saving numerous U.S. lives A wounded 20-year veteran NVA squad leader touched by the care he received repaid it with critical information on massed troop movements This memoir of the Vietnam War uses vivid accounts of combat tempered by the humor of Army life and supplemented by 36 actual letters home to tell the story of one man's odyssey The Enemy You know those VC beat us in their pajamas LZ Two Bits Sleeping in a graveyard every night was nothing when your days were a waking nightmare The M14 rifle Old tech old tool old school in essence the M14 was an M1 with a bad facelift a botched job that even in the dim light of a jungle trail showed its age This is what war is really like without the Hollywood hype government spin and media bias This account also includes reflections 30 years later when the former Medic returned to Vietnam on assignment in 1995 as a photojournalist with an international relief organization ABOUT THE AUTHOR From 1966-67 Brad L. Smith served in South Vietnam as an unarmed Combat Medic with a recon troop of the 1st Air Cavalry He was shot through the forearm in an ambush while carrying out a severely wounded sergeant and awarded the Purple Heart Air Medal Vietnamese Cross of Gallantry with Palm and Combat Medic Badge He was also reportedly awarded the Bronze Star Medal though it failed to appear in his official record His unit was awarded the Meritorious Unit Citation and the Presidential Unit Citation During his five months in combat he made 110 helicopter assaults and engaged in 13 firefights six times the average of a typical 12-month combat tour Today he is classified as a Disabled Veteran In one such action Smith witnessed two U.S. M48 tanks destroyed by Russian shoulder-mounted RPG-7 rockets with the loss of eight soldiers Another U.S. tank fired its 90mm cannon just feet over his head while he was in a shell hole avoiding a sniper Author B.L. Smith has an MA degree with honor in Journalism and 40 years of experience as a professional writer He has been a journalist photographer in Sudan Uganda Venezuela Ecuador Southern Mexico and Vietnam 1995 He is the playwright of the award
