Combat Nurses Of World War II:

Combat Nurses of World War II. Wyatt Blassingame, 1967 Describes the courage endurance and devotion of the American military nurses who served throughout the world in hospitals on ships on planes and in camps of internment during the nightmare of the Second World War

Combat Nurses of World War II Hredd, 2024-03-29 Here are the stories of the courageous young women who served as nurses at Pearl Harbor Corregidor Anzio Battle of the Bulge Iwo Jima and other fighting fronts of the second World War Now illustrated entirely with photos from the war See the second World War from the nurses viewpoint where they lived where they worked and who they worked with Of course you ll see the nurses themselves too As an intelligence officer with the Naval Air Corp Wyatt Blassingame served on the islands of Tinian and Okinawa earning a Bronze Star He witnessed Army and Navy nurses at work while visiting wounded comrades in hospitals on Hawaii Saipan and Okinawa

They Called Them Angels Kathi Jackson, 2000-06-30 A topical presentation of firsthand accounts from some of the thousands of army and navy nurses who served both stateside and overseas during World War II this book tells the stories of the brave women who used any and all resources to save as many lives as possible Although military nurses could have made more money as civilians thousands chose to leave the warmth and security of home to care for the young men who went off to war They were not saints but vibrant women whose performance changed the face of both military and civilian nursing Jackson s account follows both army and navy nurses from the time they joined the military through their active service to their lives today The jobs done by military nurses were valuable and varied Some worked in clean stateside hospitals Some found themselves nursing in tents or bombed out buildings Others entered hospitals so recently occupied by Axis forces that Nazi propaganda still covered the walls While often treating ordinary accidents and illnesses they were responsible for men with wounds so disfiguring that it took all of their willpower to maintain the hopeful attitude that the men so desperately required From the humorous account of a nurse in her forties who joined the war effort despite the smirks of those much younger to the sorrow shared when men and women were separated and became prisoners of war these are the stories of women who lived under extraordinary circumstances in an amazing time women who even today bear emotional scars along with their lasting pride

And If I Perish Evelyn Monahan, Rosemary Neidel-Greenlee, 2004-11-09 In World War II 59 000 women voluntarily risked their lives for their country as U S Army nurses When the war began some of them had so little idea of what to expect that they packed party dresses but the reality of service quickly caught up with them whether they waded through the water in the historic landings on North African and Normandy beaches or worked around the clock in hospital tents on the Italian front as bombs fell all around them For more than half a century these women s experiences remained untold almost without reference in books historical societies or military archives After years of reasearch and hundreds of hours of interviews Evelyn M Monahan and Rosemary Neidel Greenlee have created a dramatic narrative that at last brings to light the critical role that women played throughout the war

From the North African and Italian Campaigns to the Liberation of France and the Conquest of Germany U S Army nurses rose to the demands of war on the frontlines with grit humor and great heroism A long overdue work of history And If I Perish is also a powerful tribute to these women and their inspiring legacy *No Time for Fear* Diane Burke Fessler,1997-05-31 No Time for Fear summons the voices of more than 100 women who served as nurses overseas during World War II letting them tell their story as no one else can Fessler has meticulously compiled and transcribed more than 200 interviews with American military nurses of the Army Army Air Force and Navy who were present in all theaters of WWII Their stories bring to life horrific tales of illness and hardship blinding blizzards and near starvation all faced with courage tenacity and even good humor This unique oral history collection makes available to readers an important counterpoint to the seemingly endless discussions of strategy planning and troop movement that often characterize discussions of the Second World War

G.I. Nightingales Barbara Tomblin,1996-01-01 Recounts the history of the Army Nurse Corps whose members served with but not in the armed forces and describes the experiences of nurses in every theater of World War II including the special situation faced by African American nurses *Bedpan Commando* June Wandrey,1989 Contains unedited observations and thoughts recorded in diaries and letters home from October 1942 to October 1945

Bellafaire,1993 *World War II History Book* Laverne Raffield,2021-06-07 More than 59 000 American nurses served in the Army Nurse Corps during World War II Nurses worked closer to the front lines than they ever had before Within the chain of evacuation established by the Army Medical Department during the war nurses served under fire in field hospitals and evacuation hospitals on hospital trains and hospital ships and as flight nurses on medical transport planes The skill and dedication of these nurses contributed to the extremely low post injury mortality rate among American military forces in every theater of the war Overall fewer than 4 percent of the American soldiers who received medical care in the field or underwent evacuation died from wounds or disease This book is a story of Captain Eleanor T Bauman A N C an Army nurse who served in the New Guinea and Papuan Campaigns of World War II It is the story of the nurses who suffered the bombing raids the sniper fire Malaria and Dengue Fever to provide medical care for the sick and wounded
