Contemporary Irish Studies:

Ireland Beyond Boundaries Liam Harte, Yvonne Whelan, 2006-11-20 This is an authoritative up to date account of the development of Irish Studies over the past two decades. The authors examine the key debates that have underpinned recent scholarship and analyse critical concerns that have shaped the subject's remarkable growth. They trace the institutional fortunes of Irish Studies in Ireland, the USA, Canada, Australia and Britain and features in depth critical accounts of specific trends and themes within Irish historiography, literary criticism, religion, migration, music, cultural geography, sport and media culture. *Contemporary Irish Studies* Tom Gallagher, 1983 **The New Irish Studies** Paige Reynolds, 2020

This series addresses two main themes across a range of key authors, genres and literary traditions. The first is the changing critical interpretations that have emerged since c 2000. Radically new interpretations of writers, genres and literary periods have emerged from the application of new critical approaches. Substantial scholarly shifts have occurred too through the emergence of new editions, editions of letters and competing biographical accounts. Books in this series collate and reflect this rich plurality of twenty-first century literary critical energies and wide varieties of revisionary scholarship to summarize, analyze and assess the impact of contemporary critical strategies. **Contemporary Irish Studies** Peter Shirlow, 1999

Gadelica Association of Modern-Irish Studies, 1913 *A Guide to Irish Studies in the United States*, *Changes in Contemporary Ireland* Catherine Rees, 2013 This volume explores the cultural, literary, theatrical and political changes in Irish society from 1980. The so-called Celtic Tiger™ brought about cultural and economic rejuvenation in Ireland but this newfound confidence and prosperity was destabilised by other events such as the scandals in the Catholic Church bringing into question the role of traditional institutions in contemporary Irish life. The ending of the Troubles and signing of the Good Friday Agreement similarly heralded a new era in terms of positive political change but recent paramilitary activity threatens to undermine the progress made in the 1990s as waves of new violence hit the North. Equally, recent economic recession has halted the radical growth seen in the Republic over recent decades. This book therefore problematises the concept of change and progress by juxtaposing these events and asking what real changes can be traced in modern Ireland. The contributors frequently reflect on the changes and upheavals; this period of dramatic economic, political and cultural change has prompted. The volume includes contributions from the fields of politics, cultural studies, sport, history, geography, media and film studies and theatre and literature. As such, it is a decidedly interdisciplinary study exploring wide-ranging topics and issues relevant to contemporary Irish Studies. [Routledge International Handbook of Irish Studies](#) Renée Fox, Mike Cronin, Brian Ó Conchubhair, 2020-12-30 *Routledge International Handbook of Irish Studies* begins with the reversal in Irish fortunes after the 2008 global economic crash. The chapters included address not only changes in post-Celtic Tiger Ireland but also changes in disciplinary approaches to Irish Studies that the last decade of political, economic and cultural unrest have stimulated. Since 2008 Irish Studies has been directly and indirectly influenced by the crash and its reverberations through the economy.

political landscape and social framework of Ireland and beyond Approaching Irish pasts presents and futures through interdisciplinary and theoretically capacious lenses the chapters in this volume reflect the myriad ways Irish Studies has responded to the economic precarity in the Republic renewed instability in the North the complex European politics of Brexit global climate and pandemic crises and the intense social change in Ireland catalyzed by all of these Just as Irish society has had to dramatically reconceive its economic and global identity after the crash Irish Studies has had to shift its theoretical modes and its objects of analysis in order to keep pace with these changes and upheavals This book captures the dynamic ways the discipline has evolved since 2008 exploring how the age of austerity and renewal has transformed both Ireland and scholarly approaches to understanding Ireland It will appeal to students and scholars of Irish studies sociology cultural studies history literature economics and political science Chapter 3 5 and 15 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Sub-versions Ciaran Ross, 2010 From Swift's repulsive shit flinging Yahoos to Beckett's dying but never quite dead moribunds Irish literature has long been perceived as being synonymous with subversion and all forms of subversiveness But what constitutes a subversive text or a subversive writer in twenty first century Ireland The essays in this volume set out to redefine and rethink the subversive potential of modern Irish literature Crossing three central genres one common denominator running through these essays whether dealing with canonical writers like Yeats Beckett and Flann O'Brien or lesser known contemporary writers like Sebastian Barry or Robert McLiam Wilson is the continual questioning of Irish identity Irishness going from its colonial paradigm and stereotype of the subaltern in MacGill to its uneasy implications for gender representation in the contemporary novel and the contemporary drama A subsidiary theme inextricably linked to the identity problematic is that of exile and its radical heritage for all Irish writing irrespective of its different genres Sub Versions offers a cross cultural and trans national response to the expanding interest in Irish and postcolonial studies by bringing together specialists from different national cultures and scholarly contexts Ireland Britain France and Central Europe The order of the essays is by genre This study is aimed both at the general literary reader and anyone particularly interested in Irish Studies

Transcultural Insights into Contemporary Irish Literature and Society María Amor Barros-del Río, 2024-07-19 *Transcultural Insights into Contemporary Irish Literature and Society* examines the transcultural patterns that have been enriching Irish literature since the twentieth century and engages with the ongoing dialogue between contemporary Irish literature and society Driven by the growing interest in transcultural studies in the humanities this volume provides an insightful analysis of how Irish literature handles the delicate balance between authenticity and folklore and uniformisation and diversity in an increasingly globalised world Following a diachronic approach the volume includes critical readings of canonical Irish literature as an uncharted exchange of intercultural dialogues The text also explores the external and internal transcultural traits present in recent Irish literature and its engagement with social injustice and activism and discusses location and mobility as vehicles for cultural transfer and the advancement of the women's movement A final section also includes an examination of literary expressions of hybridisation diversity and assimilation to scrutinise negotiations of new transcultural identities In the light of the compiled contributions the volume ends with a revisitation of Irish studies in a world in which national identity has become increasingly problematic This volume presents new insights into the fictional engagement of contemporary Irish literature with political social and economic issues and its efforts to accommodate the local and the global resulting in a reshaping of national collective imaginaries
