Representations of Endymion and Selene Anna Chiara Corradino,2025-03-06 A focused study of an ancient myth and its reception which provokes new consideration of how myth in general can challenge social norms Analyzing the visual and literary transformations of the myth of Endymion and Selene Anna Chiara Corradino argues that this myth becomes a valuable tool for understanding the cultural problematization and censorship of female sexuality as well as the marginalization of alternative forms of male sexuality The myth s key themes of dominant femininity reified masculinity and female necrophilia are shaped through the centuries from the core story of Selene the goddess of the Moon falling in love with a mortal shepherd Endymion and granting him eternal sleep so she can kiss him every night In five core sections focusing on the archaeology of the myth in the ancient world the art of the Renaissance to Baroque periods and modern art and film Corradino traces the way the relationship between the two lovers embodies the taboo topic of the eroticization of the sleeping and or dead male body and the suppressed desire of female domination and dominance This research breaks new ground by displaying how these marginal desires have always challenged normativity and have had a profound impact on and through multiple receptions Contemporary Artists Colin Naylor,1989 *Tragic Resistance* Megan Shea,2024-12-30 *Tragic Resistance* analyzes playwrights directors and performers who shatter gender norms to gain agency within the patriarchal institutions restricting them The artists in this book work against the tragic narratives that would otherwise constrict them the tragedy of Antigone unmade by Judith Malina the history of The Venus Hottentot pulled into the present in

Suzan Lori Parks's Venus the narrative of the rape victim eschewed in Emma Sulkowicz's performances the story of brides jilted by the homophobic state government in the case of Annie Sprinkle and Beth Stephens the tragedy of Anna Nicole as told by Margaret Cho and the reclamation of the female body from traditional hip hop by Nicki Minaj All these performers and performances subvert traditional notions of gendered roles that people should or could hold This book examines the nature of these performances to interrogate how theatrical and performative resistance works and why performance might be a vehicle for altering patriarchal structures that withhold agency from women and trans genderqueer people
