Contemporary Social Spirituality:

A Contemporary Social Spirituality Francis X Meehan, 2020-06-09 Francis X Meehan has thought long and hard about contemporary social issues. This book shows the gratifying results. It is full of insight and wisdom. Richard A McCormick S J Rose F Kennedy Professor of Christian Ethics Georgetown University. Francis Meehan appreciates the dilemmas that torment Christians concerned with questions of peace and justice while he understands the apathy that closes many others in spiritual slumber. Yet he writes not to intensify guilt but to clarify the understanding of injustice and its sources and to offer a reasonable course of action. *A Contemporary Social Spirituality* then is a model for preachers and teachers. The book offers opinions; it assesses responsibility fairly and it recommends an action with clarity, sensitivity and manifest love. It deserves good study and use. Mark Heath O P President Dominican House of Studies Washington D C. Meehan brings a pastoral touch to a variety of issues: war, the draft, disarmament, economic injustice, abortion, sexuality. This is a book for ordinary Christians and for activists looking for paths to connection and community with their brothers and sisters in the pews. David O'Brien College of the Holy Cross Worcester Mass. Public policy decisions in today's America threaten a complete reversal of traditional Christian values: new programs benefit the wealthy at the expense of the poor; human and material resources are squandered on instruments of mass destruction while agencies designed to serve pressing human needs are dismantled for want of funds. Fr Meehan's urgent call for a new social spirituality comes not a moment too soon. Gordon C Zahn Professor of Sociology University of Massachusetts.

Commodified Health Care and Lay Catholic Social Spirituality Vivencio Ballano, 2025-07-01 This book establishes a lay social spirituality for health care practitioners that pursues the Catholic Church's social teachings on the preferential option for the poor, structural sin and health care reform to address today's commodification of the health care system where maximizing profit and patient's capacity to pay become the primary consideration. Applying a sociotheological approach that combines the perspectives of modern sociology, Catholic social doctrines and Pope Francis's inductive synodal theology as well as drawing from secondary literature, media reports and church documents, it argues for the necessity of a holistic interdisciplinary and synodal lay Catholic social spirituality that is informed by Pope Francis's synodality. Presenting sociological research for health care practitioners to uphold options for the poor in public health, it envisions a lay spirituality that participates in civil society's health care reform agenda at the macro level and practices Christian and Ignatian discernment at the micro level as its main behavioral components. This book appeals to Christian health care actors, entrepreneurs and spiritual directors as well as scholars and students in sociology, religion, moral theology, bioethics and spirituality.
