**Contemporary Swedish Poetry**, 1980      **Modern Swedish Poetry in Translation** Gunnar Harding, Anselm Hollo, 1979      Swedish Poetry Nowadays Johannes Anyuru, Eva-Stina Byggmästar, Naima Chahboun, Martin Höggström, Freke Råihä, Matilda Södergran, 2016 These six thoughtful though differently tempered Swedish poets are an eminent needle in the haystack They are too fast for the mainstream poetics to get on their backs These six poets are talking straight to you in their personal manner of speaking You ll get no kudos for knowing Swedish poetry without having read each of these six poets The contemporary Swedish poets Johannes Anyuru Eva Stina Byggm star Naima Chahboun Martin H gstr m Freke R ih and Matilda S dergran Translated by Kristian Carlsson      Swedish Women's Writing 1850-1995 Helena Forsas-Scott, 2000-12-01 Provides a survey of women s writing in Sweden from the beginnings of the struggle for emancipation in the 1850s to the present day These writers are seen within the political cultural and economic context of women s lives Modern critical currents are also assessed and Swedish feminist criticism is considered alongside the French and American traditions

*Forays Into Swedish Poetry* Lars Gustafsson, 2012-10-01 When poet critic Lars Gustafsson was the editor of Bonniers Litter ra Magasin he was bombarded with the question What makes a good poem Forays into Swedish Poetry is his answer The fifteen poems in this volume range across the history of Swedish poetry from the 1640s at the beginning of the Period of Great Power to the late twentieth century Poets as diverse as Skogek r Bergbo Erik Johan Stagnelius August Strindberg and Vilhelm Ekelund are discussed from historical psychological and sociopolitical viewpoints However Gustafsson includes only those poems he considers excellent Each essay begins with a presentation of the poem both in Swedish and in English translation Gustafsson s analyses are built upon his subjective experiences with poems and poets and upon a more objective structural approach that investigates the actual machinery of the poems Thus Gustafsson enlightens us with his always imaginative sometimes daring analyses and we learn a great deal about the critic himself in the process One of his main concerns is what he calls in his discussion of Edith S dergran the very mysteriousness of human existence Time and again Gustafsson emphasizes the enigmatic arcane aspects of life in his analyses In contrast his vocabulary and approach also bespeak a constant interest in science and technology In his introduction Robert T Rovinsky the volume s translator presents examples of Gustafsson s various thematic interests as voiced in his poems several of which are translated here for the first time While The Machines explores his theory of people as automatons and Conversation between Philosophers his linguistic pessimism Gustafsson s work as a whole shows his enchantment with its major theme the intrinsic mystery of life
