Contemporary Political Thought Alan Finlayson, 2003-09
Contemporary Political Theory is a foundation textbook in political thought

Politics of the One Artemy Magun, 2012-11-08 This volume in the Political Theory and Contemporary Philosophy series examines one of the most important topics in contemporary political theory how to conceptualize the relationship between the one and the many The essays discuss how to reconcile multiple ontologies without subsuming them to a totalitarian unity While one school of thought Deleuze Negri seeks to create a new ontology based on the many instead of the one which politically is close to anarchy another proposes to understand the one as the ultra one of the event Badiou In this groundbreaking work leading

thinkers explore these debates and offer alternative concepts Building on Jean Luc Nancy s essay who proposes an ontology of singular plurality contributors aim to synthesize the one and the many and suggest different ways of forming collectives beyond the dominant representative political forms An original and challenging work Politics of the One addresses new possible ways of bringing people together integrating philosophy with theoretical and practical problems of politics **The Question of Peace in Modern Political Thought** Toivo Koivukoski, David Edward Tabachnick, 2015-04-08 The essays in The Question of Peace in Modern Political Thought address the contribution that political theories of modern political philosophers have made to our understandings of peace The discipline of peace research has reached a critical impasse where the ideas of both realist peace and democratic peace are challenged by contemporary world events Can we stand by while dictators violate the human rights of citizens Can we impose a democratic peace through the projection of war By looking back at the great works of political philosophy this collection hopes to revive peace as an active question for political philosophy while making an original contribution to contemporary peace research and international relations
