Sociological Theory George Ritzer, Jeffrey Stepnisky, 2021-02-09 The authors are proud sponsors of the SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Sociological Theory gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology's 19th century origins through the early 21st century Written by an author team that includes one of the leading contemporary thinkers the text integrates key theories with biographical sketches of theorists placing them in historical and intellectual context The Eleventh Edition includes examples of premodern sociological theory from Islamic scholar Ibn Khaldun Harriet Martineau's feminist writings contextualized within the history of sociological thought discussions of actor network theory through Donna Haraway's work on cyborgs and companion species illustrations of historical comparative sociology with Saskia Sassen's concepts of the global city and expulsions and more ways to help students to understand sociology's major theories Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides

Structuration Theory Rob Stones, 2017-03-16 This important text argues for a strong notion of structuration theory in contrast to the seminal but more abstract and relatively under developed project represented by Anthony Giddens's writings Emphasis on the duality of structure is placed at the centre of the tradition It is argued that the distinctive power of structuration theory lies in its potential to critically investigate a specific range of in situ questions Structuration Theory produces a synthesis that draws on Giddens's work on other versions of the structuration problematic and on key empirical uses of the approach The final chapters make use of extended case examples to illustrate the critical power of strong structuration

Globalization Andrew Jones, 2010-07-13 Globalization Key Thinkers offers a critical commentary on the leading thinkers in the contemporary globalization debate as well as new arguments about the future direction of globalization thinking The book guides the reader through the key arguments of leading thinkers explaining their place in the wider globalization debate and evaluating their critical reception

Eleven thematic chapters focus on one or two key thinkers covering every aspect of the globalization debate including the theoretical arguments of Anthony Giddens and Manuel Castells to the positive arguments of Thomas Friedman and Martin Wolf and the reforming ideas of Joseph Stiglitz Other chapters variously address the ideas of Immanuel Wallerstein Arjun Appadurai Paul Hirst Naomi Klein Grahame Thompson David Held Anthony McGrew Michael Hardt Antonio Negri Saskia Sassen and Peter Dicken Each chapter also provides some carefully selected recommendations for further reading for the thinkers discussed The book ends with a concluding chapter that examines how thinking about globalization is likely to develop in future Whilst individual chapters can stand alone the book is designed as a whole to enhance the reader's understanding of how different thinkers' ideas relate and contrast to each other
