*Contemporary Spanish Literature* Aubrey Fitz Gerald Bell, 1925      *Spilling the Beans in Chicanolandia* Frederick Luis Aldama, 2010-01-01 Since the 1980s a prolific second wave of Chicano writers and artists has tremendously expanded the range of genres and subject matter in Chicano literature and art Building on the pioneering work of their predecessors

whose artistic creations were often tied to political activism and the civil rights struggle today's Chicano writers and artists feel free to focus as much on the aesthetic quality of their work as on its social content. They use novels, short stories, poetry, drama, documentary films, and comic books to shape the raw materials of life into art objects that cause us to participate empathetically in an increasingly complex Chicano identity and experience. This book presents far-ranging interviews with twenty-one second-wave Chicano poets, fiction writers, dramatists, documentary filmmakers, and playwrights. Some are mainstream, widely recognized creators, while others work from the margins because of their sexual orientations or their controversial positions. Frederick Luis Aldama draws out the artists and authors on both the aesthetic and the sociopolitical concerns that animate their work. Their conversations delve into such areas as how the artists' or writers' life experiences have molded their work, why they choose to work in certain genres, and how they have transformed them, what it means to be Chicano in today's pluralistic society, and how Chicano identity influences and is influenced by contact with ethnic and racial identities from around the world.

*Latinas in the United States: A Historical Encyclopedia* records the contribution of women of Latin American birth or heritage to the economic and cultural development of the United States. The encyclopedia, edited by Vicki L. Ruiz and Virginia Sánchez Korrol, is the first comprehensive gathering of scholarship on Latinas. This encyclopedia will serve as an essential reference for decades to come. In more than 580 entries, the historical and cultural narratives of Latinas come to life. From mestizo settlement, pioneer life, and diasporic communities, the encyclopedia details the contributions of women as settlers, *comadres*, and landowners; as organizers and nuns. More than 200 scholars explore the experiences of Latinas during and after Euro-American colonization and conquest, the early 19th-century migration of Puerto Ricans and Cubans, 20th-century issues of migration, cultural tradition, labor, gender roles, community organization, and politics, and much more. Individual biographical entries profile women who have left their mark on the historical and cultural landscape. With more than 300 photographs, *Latinas in the United States* offers a mosaic of historical experiences detailing how Latinas have shaped their own lives, cultures, and communities through mutual assistance and collective action while confronting the pressures of colonialism, racism, discrimination, sexism, and poverty. Meant for scholars and general readers, this is a great resource on Latinas and historical topics connected with them. [curledup.com](http://curledup.com)

**Education and Women in the Early Modern Hispanic World**  
Elizabeth Teresa Howe, 2016-04-29

Considering the presence and influence of educated women of letters in Spain and New Spain, this study looks at the life and work of early modern women who advocated by word or example for the education of women. The subjects of the book include not only such familiar figures as Sor Juana and Santa Teresa de Jesús but also of less well-known women of their time. The author uses primary documents, published works, artwork, and critical sources drawn from history, literature, theatre, philosophy, women's studies, education, and science. Her analysis juxtaposes theories espoused by men and women of the period concerning the aptitude and appropriateness of educating women with the actual practices

**Reception and Renewal in Modern Spanish Theatre, 1939-1963** John London,1997 The book constitutes the first attempt to provide an overview of the reception of foreign drama in Spain during the Franco dictatorship John London analyses performance stage design translation censorship and critical reviews in relation to the works of many authors including Noel Coward Arthur Miller Eugene Ionesco and Samuel Beckett He compares the original reception of these dramatists with the treatment they were given in Spain However his study is also a reassessment of the Spanish drama of the period Dr London argues that only by tracing the reception of non Spanish drama can we understand the praise lavished on playwrights such as Antonio Buero Vallejo and Alfonso Sastre alongside the simultaneous rejection of Spanish avant garde styles A concluding reinterpretation of the early plays of Fernando Arrabal indicates the richness of an alternative route largely ignored in histories of Spanish theatre
