Coffland, Donald Bartlett Doe, 2006 Essays Lines in space Japanese baskets as art Donald Doe Japanese bamboo art and the West Robert T Coffland     **The Bamboo Basket Art of Higashi Takesonosai** Lloyd E. Cotsen, Robert T. Coffland, 2002 This volume provides more than just a glimpse into Japanese bamboo basket making it delves into the intriguing life of Higashi Takesonosai one of Japan's most accomplished artists Throughout the span of his life and career Takesonosai's works were influenced by a variety of people such as his family friends mentors and artists It is these influences that shape Takesonosai's personality and contribute to his present day success With a fervor for artwork and painting but limited resources and opportunity to pursue this passion Takesonosai resorted to bamboo basket making a job that would later turn into a lifelong career Takesonosai's underlying love of art is used as a central theme for the construction of his bamboo baskets Included in this book are color photographs of Takesonosai's masterpieces which clearly exhibit his creative

ingenuity Each individually hand crafted basket produced by Takesonosai is a piece of art requiring long hours of labor skill and originality Takesonosai s extraordinary talent and adroit ability to create such artwork transforms this hobby into a much admired and highly praised profession **Japanese Bamboo Art: The Abbey Collection** Monika Bincsik,Moroyama Masanori,2017-05-01 Bamboo is present in nearly every aspect of traditional Japanese life yet Japanese bamboo art with its refined beauty and technical sophistication has been little known in the West until recent years This publication provides an overdue introduction to these exquisite works which represent a cultural tradition stretching back hundreds of years The works illustrated and discussed are exceptional for their broad representation of many notable bamboo masters and highlight key stages in the modern history of Japanese bamboo art p p1 margin 0 0px 0 0px 0 0px font 14 0px Verdana

**Splitting the Air / Fendre L'Air** Stéphane Martin,2019-01-03 Japanese bamboo baskets have a very long history Until the 16th century they were primarily utilitarian and rustic items Those with an aesthetic value were imported from China Mirror of the Confucian values they displayed perfectly symmetrical shapes and a surprisingly regular weaving The turning point came from the codification of the tea ceremony in the 16th century Due to their extreme refinement the Japanese bamboo vases hanakago containing floral arrangements ikebana are elevated to the rank of works of art The masters of the golden era founders of this art constituted in dynasties established a special relationship between the artist and the patron But one artist will be particularly honored Iizuka Rokansai 1890 1958 called the Picasso of the basket with his forty pieces The post war period is crucial in the diffusion of this art across the world especially in the USA in private collections or museums This resulted in the use of new shapes by contemporary artists but also in attempts at blending bamboo with new materials The main question is then about the artistic status of contemporary or modern artists whose work requires great technical and artisanal skills Inspired by classical formalism which vocabulary was set up thoroughly by Iizuka Rokansai the baskets of young contemporary artists are now becoming sculptures Devoid of any function they open up a unique artistic field **Masters of Bamboo** Melissa M. Rinne,Koichiro Okada,Kaz Tsuruta,Robert T. Coffland,2008-11-10 Japanese bamboo sculptures and baskets are celebrated with stunning detail in this art collection Bamboo is an exacting medium for the artist A true artist of bamboo bears full responsibility for every step of the creative process according to Fujinuma Noboru one of the artists represented in this publication Without splitting the bamboo and working through each of the various steps oneself he explains one cannot get the feel of each individual bamboo culm and know for what kind of piece it will be best suited And there are no shortcuts in bamboo there is no way to mechanize the process In this book accompanying the exhibition Masters of Bamboo Japanese Baskets and Sculpture from the Cotsen Collection exhibition curator Melissa Rinne in consultation with bamboo specialist Koichiro Okada provides an overview of this intriguing art form She also traces the network of master disciple influences that constitute the major lineages or lines of artistic transmission in bamboo art from nineteenth century artists through those active today These lineages have never before been described in a systematic

way and they provide a means of comprehending Japanese bamboo work from a global perspective *Japanese Bamboo Baskets* Masanori Moroyama, 2007-07-25 Once neglected in the West Japanese basketry now claims a loyal following among art lovers collectors and craftspeople in the United States and Europe Japanese Basketry acknowledges this growing interest by presenting a stunning array of the best baskets to come out of Japan in the last 150 years and frames the pieces in a wealth of original material beginning with a preface by pioneer collector Lloyd Cotsen from book jacket
