Contemporary Poetry A Retrospective From The Quarterly Review Of Literature:

Contemporary Poetry Theodore Russell Weiss, René Weiss, 2015-03-08 Here in one volume is some of the most exciting poetry written during the last thirty years culled from the pages of one of America's foremost literary magazines The Quarterly Review of Literature has been among the first to present many significant poets of our time In addition to publishing the work of new poets it has made available little known work of writers of established reputation It has brought to the reading public both experimental and traditional verse and foreign poetry in distinguished translations as well as poetry originally written in English Its pages have been open in the words of its editors to any work that reflects a dedication to ultimately painstaking art This volume contains the work of 146 foreign and American poets It is thus not only a remarkable anthology but a valuable retrospective of the literary scene Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
