Kamrava, 2013-10-05 From the fall of the Ottoman Empire through the Arab Spring this title offers a classic treatise on the making of the contemporary Middle East remains essential reading for students and general readers who want to gain a better understanding of this diverse region

Area Studies and Social Science Mark A. Tessler, Jodi Nachtwey, Anne

Banda, 1999 The volume edited by Mark Tessler addresses a set of critical issues confronting all social scientists whose field of inquiry is extra American Tessler and his contributors succeed admirably in their goal American Historical Review How should scholars construct knowledge about politics economics and international relations in major world regions According to the contributors to this lively volume the conflicting approaches of regional specialists and discipline oriented social scientists must be combined to provide a firm foundation for studying the contemporary politics of the Middle East

Contributors are Lisa Anderson Anne Banda Laurie A Brand Laura Zittrain Eisenberg John P Entelis Clement M Henry Magda Kandil Baghat Korany Jodi Nachtwey Augustus Richard Norton and Mark Tessler

Government and Politics of the

Contemporary Middle East Tareq Y. Ismael, Jacqueline S. Ismael, Glenn Earl Perry, 2015-10-05 This exciting new edition of the successful textbook for students of Middle Eastern politics provides a highly relevant and comprehensive introduction to the

complexities of a region in constant flux Combining a thematic framework for examining patterns of politics with individual chapters dedicated to specific countries the book places the very latest developments and long standing issues within an historical context introducing key concepts from comparative politics to further explore the interaction between Middle Eastern history and the region s contemporary political development Presenting information in an accessible and inclusive format the book offers Coverage of the historical influence of colonialism and major world powers on the shaping of the modern Middle East A detailed examination of the legacy of Islam Analysis of the political and social aspects of Middle Eastern life alienation between state and society poverty and social inequality ideological crises and renewal Case studies on countries in the Northern Belt Turkey and Iran the Fertile Crescent Iraq Syria and Lebanon Israel Palestine and those West and East of the Red Sea Egypt and the members of the Gulf Cooperation Council moving through an historical examination to close analysis of the most recent developments and their political and social impacts Extensive pedagogical features including original maps and further reading sections provide essential support for the reader A key introductory text for students of Middle Eastern politics and history at advanced undergraduate and postgraduate levels this new edition has been extensively updated to also become a timely and significant reference for policy makers and any motivated reader *The International Relations of the Contemporary Middle East* Tareq Y. Ismael, Glenn E. Perry, 2013-10-01 The Middle East a few decades ago was seen to be an autonomous subsystem of the global international political system More recently the region has been subordinated to the hegemony of a singular superpower the US bolstered by an alliance with Israel and a network of Arab client states The subordination of the contemporary Middle East has resulted in large part from the disappearance of countervailing forces for example global bipolarity that for a while allowed the Arab world in particular to exercise a modicum of flexibility in shaping its international relations The aspirations of the indigenous population of the Middle East have been stifled by the dynamics of the unequal global power relationships and domestic politics of the countries of the region are regularly subordinated to the prerogatives of international markets and the strategic competition of the great powers Employing the concept of imperialism defined as a pattern of alliances between a center rulers in the Center developed country and a center client regime in the Periphery underdeveloped country as an overall framework to analyse the subordination of the region this book is essential reading for students and scholars of the Middle East International Relations and Politics in general **International Relations of the Contemporary Middle East** Tareq Y. Ismael, 1986

The Modern Middle East Mehran Kamrava, 2003-04-01 As potential war with Iraq looms and the Palestinian Israeli crisis escalates our need for expert knowledge and opinion about the Middle East could not be greater This timely political history of the modern Middle East begins with the collapse of the Ottoman Empire and takes us right up to current events Kamrava lays out the historical context of the Middle East of today the rise and fall of the Ottomans the trials of independence and state building the emergence and fiery spread of nationalism throughout the Middle East the Arab Israeli

wars in 1967 and 1973 the Iranian revolution of 1978 79 and the 1980 88 Iran Iraq War and the Gulf War and its aftermath The profound consequences of these events on contemporary politics in the Middle East are discussed in full especially in regards to the overall nature of state society relations within each country and intra state relations between countries In addition three of the most important current political issues of the region are discussed separately the Palestinian Israeli conflict the challenges to economic development and the question of democracy The book ends with an evaluation of the most important challenges the Middle East is facing at the present time and is likely to face in the coming decades

Sectarianism in the Contemporary Middle East Simon Mabon, Lucia Ardovalini, 2017 In recent years the term sectarianism has been widely used to explain contemporary affairs across the Middle East and North Africa A range of assumptions about the nature of sectarianism have become prevalent amongst scholars and policy makers who engage with these areas in part driven by the rivalry between Saudi Arabia and Iran the two dominant Sunni and Shi'a states and the emergence of ISIS Despite its prevalence few scholars have engaged critically with the meaning of the term and its application across the Middle East Whilst many associate sectarianism with Islam Sectarianism in the Contemporary Middle East interrogates the political economic and security factors surrounding the term within both Islam and Judaism leading to a better understanding of the contemporary politics of the Middle East This book was originally published as a special issue of Global Discourse Provided by publisher [Understanding the Contemporary Middle East](#) Jillian Schwedler, 2020 The previous edition of Understanding the Contemporary Middle East was published soon after the Arab uprisings and the authors writing across disciplines captured those moments of possibility Now more than six years later the Middle East is substantially changed with three protracted civil wars several retrenched authoritarian regimes possibly one emerging democracy and social and economic conditions that have been profoundly affected by the new political environment This thoroughly revised and updated edition explores both the impact of recent events in shaping the region and the continuities with established patterns of political economic and social relations **Israel** Ilan Pappé, 2018-05-11 Israel is not the only new state around but it is one of the few states whose legitimacy is still questioned and its future affects the future of the Middle East as a whole and probably the stability of the international system The reasons for this unique reality lie in its past and the particular historical circumstances of its birth This book seeks to update analysis of the political history contemporary politics economics and foreign policy of this unique state The first part of the book provides a general history of Israel since its inception until 2000 This general history evolves around the political development of the state beginning with its origins in the early Zionist history 1882 1948 and ending with the turn of the century The second part focuses on three contemporary aspects of present day Israel its political economy its culture and its international relations An epilogue describes Israel's complex international image today and its impact on the state and its future Providing a solid infrastructure from which readers can form their own opinions this book offers a fresh perspective on developments both on

the ground and in recent scholarship and is essential reading for students journalists and policy makers with an interest in Middle Eastern History Jewish Studies and Israel Studies The Middle East in Turmoil Angela N. Castillo, 2011 This book includes the entire spectrum of contemporary politics and economics of the Middle East The coverage is intended to deal with the Middle East political dynamics economic policies and institutions It discusses topics that include background information on Hamas and issues for Congress governance human rights and reform in the United Arab Emirates Afghanistan casualties the United Arab Emirates nuclear program and proposed U S nuclear co operation bilateral issues affecting U S Syria relations the politics elections and benchmarks of Iraq U S concerns and policy responses towards Iran and the United Nations Assistance Mission in Afghanistan and Afghanistan s post Taliban governance politics elections security and U S policy **International and Regional Politics in the Middle East and North Africa** Ann Schulz, 1977 Civil Society in the Middle East, Volume 2 Norton, 2021-11-15 Civil Society in the Middle East is a project of the Department of Politics and the Koverkian Center for Near Eastern Studies New York University Project director is Augustus Richard Norton Boston University While there is wide disagreement about the outcome among those who follow events in the Middle East there is little doubt that the regimes in the region are under increasing pressure from their citizens In rich and poor states alike incipient movements of men and women are demanding a voice in politics Recent political developments in Jordan Yemen Lebanon even the future state of Palestine clearly show the vitality and dynamism of civil society the melange of associations clubs guilds syndicates federations unions parties and groups which provide a buffer between state and citizen and which are now so clearly at the forefront of political liberalization in the region Civil Society in the Middle East a two volume set of papers providing an unusually detailed and rich assessment of contemporary politics within the Middle East and in this sense alone quite literally peerless is the result of a project of the Department of Politics and the Kevorkian Center for Near Eastern Studies at New York University Volume I contains contributions by Augustus Richard Norton Raymond A Hinnebusch Laurie Brand Muhammad Muslih Mustafa Kamil al Sayyid Ghanim al Najjar and Neil Hicks Eva Bellin Jill Crystal Saad al Din Ibrahim and Alan Richards **Contemporary Politics in the Far East** Stanley Kuhl Hornbeck, 1916 *Religion and Contemporary Politics* Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions

including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography

Armies and State-building in the Modern Middle East Stephanie Cronin, 2013-12-06 The uprisings of 2011 which erupted so unexpectedly and spread across the Middle East once again propelled the armies of the region to the centre of the political stage Throughout the region the experience of the first decade of the twenty first century provides ample reason to re examine Middle Eastern armies and the historical context which produced them By adding an historical understanding to a contemporary political analysis Stephanie Cronin examines the structures and activities of Middle Eastern armies and their role in state and empire building Focusing on Iran Afghanistan and Saudi Arabia Armies Tribes and States in the Middle East presents a clear and concise analysis of the nature of armies and the differing guises military reform has taken throughout the region Covering the region from the birth of modern armies there in the late nineteenth and early twentieth centuries to the military revolutions of the 1950s and 60s and on to the twenty first century army building exercises seen in Iraq and Afghanistan Cronin provides a unique and vital presentation of the role of the military in the modern Middle East

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Contemporary Politics In The Middle East**

In some sort of inundated with displays and the cacophony of instant transmission, the profound energy and psychological resonance of verbal beauty usually disappear in to obscurity, eclipsed by the continuous barrage of noise and distractions.
