Contes En Vers Et En Prose A Dual Language:

Nineteenth-Century French Short Stories (Dual-Language) Stanley Appelbaum, 2012-12-04 French text and English translations on facing pages of six stories Merimee's Mateo Falcone Nerval's Sylvie Daudet's La mule du Pape Flaubert's Herodias Zola's L'attaque du moulin de Maupassant's Mademoiselle Perle Fairy Tales Transformed? Cristina Bacchilega, 2013-11-01 Scholars of fairy tale studies will enjoy Bacchilega's significant new study of contemporary adaptations Staging Fairyland Jennifer Schacker, 2018-12-17 Examines pantomime and theatricality in nineteenth century histories of folklore and the fairy tale In nineteenth century Britain the spectacular and highly profitable theatrical form known as pantomime was part of a shared cultural repertoire and a significant medium for the transmission of stories Rowdy comedic and slightly risqu pantomime productions were situated in dynamic relationship with various forms of print and material culture Popular fairy tale theater also informed the production and reception of folklore research in ways that are often overlooked In Staging Fairyland Folklore Children's Entertainment and Nineteenth Century Pantomime Jennifer Schacker reclaims the place of theatrical performance in this history developing a model for the intermedial and cross disciplinary study of narrative cultures The case studies that punctuate each chapter move between the realms of print and performance scholarship and popular culture Schacker examines pantomime productions of such well known tales as Cinderella Little Red Riding Hood and Jack and the Beanstalk as well as others whose popularity has waned such as Daniel O'Rourke and The Yellow Dwarf These productions resonate with traditions of impersonation cross dressing literary imposture masquerade and the social practice of fancy dress Schacker also traces the complex histories of Mother Goose and Mother Bunch who were often cast as the embodiments of both tale telling and stage magic and who move through various genres of narrative and forms of print culture These examinations push at the limits of prevailing approaches to the fairy tale across media They also demonstrate the degree to which perspectives on the fairy tale as children's entertainment often obscure the complex histories and ideological underpinnings of specific tales Mapping the histories of tales requires a fundamental reconfiguration of our thinking about early folklore study and about fairy tales their bearing on questions of genre and ideology but also their signifying possibilities past present and future Readers interested in folklore fairy tale studies children's literature and performance studies will embrace this informative monograph **Breaking the Mother Goose Code** Jeri Studebaker, 2015-02-27 Who was Mother Goose Where did she come from and when Although she's one of the most beloved characters in Western literature Mother Goose's origins have seemed lost in the mists of time Several have tried to pin her down claiming she was the mother of Charlemagne the wife of Clovis King of the Franks the Queen of Sheba or even Elizabeth Goose of Boston Massachusetts Others think she's related to mysterious goose footed statues in old French churches called Queen Pedauque This book delves deeply into the surviving evidence for Mother Goose's origins from her nursery rhymes and fairy tales as well as from relevant historical mythological and anthropological data Until now no one has

ever confidently identified this intriguing yet elusive literary figure So who was the real Mother Goose The answer might surprise you **Rewind, Play, Fast Forward** Henry Keazor,Thorsten Wübbena,2015-07-15 Due to shifts in the contexts of the production and presentation of the music video more and more people start to talk about a possible end of this genre At the same time disciplines such as visual film and media studies art and music history begin to realize that despite the fact that the music video obviously has come of age they still lack a well defined and matching methodical approach for analyzing and discussing videoclips For the first time this volume brings together different disciplines as well as journalists museum curators and gallery owners in order to take a discussion of the past and present of the music video as an opportunity to reflect upon suited methodological approaches to this genre and to allow a glimpse into its future **The Complete Fairy Tales in Verse and Prose (L'intégrale Des Contes en Vers Et en Prose)** Charles Perrault,Stanley Appelbaum,2003-01-01 In the tradition of Aesop the fables in this entertaining collection also impart practical moral advice Included are a trio of tales in verse as well as prose favorites such as Sleeping Beauty and Little Red Riding Hood English translations appear on pages facing the original French The most complete edition available in English **The Cross-Cultural Legacy** Gordon Collier,Geoffrey V.
