The British National Bibliography Arthur James Wells, 2003      **Paradox** John Meaney, 2010-09-09 Centuries of self imposed isolation have transformed Nulapeiron into a world unlike any other a world of vast subterranean cities maintained by extraordinary organic technologies For the majority of its peoples however such wonders have little meaning Denied their democratic rights and restricted to the impoverished lower levels they are subjected to the brutal law of the Logic Lords and the Oracles supra human beings whose ability to truecast the future maintains the status quo But all this is about to change In a crowded marketplace a mysterious beautiful woman is brutally cut down by a militia squad s graser fire Amongst the horrified onlookers is young Tom Corcorigan He recognizes her Only the previous day she had presented him with a small seemingly insignificant info crystal And only now as the fire in the dying stranger s obsidian eyes fades does he comprehend who or what she really was a figure from legend one of the fabled Pilots What Tom has still to discover is that his crystal holds the key to understanding mu space and so to freedom itself He doesn t know it yet but he has been given a destiny to fulfill nothing less than the rewriting of his future and that of his world Spectacularly staged thrillingly written and set in a visionary future Paradox places John Meaney at the forefront of science fiction in this new century      **Book Review Index**, 2006 Every 3rd issue is a quarterly cumulation      *The Publishers Weekly*, 2006
