*Airlines for the Rest of Us* Stan Solomon, 2008 Small Cities to be Hurt Tremendously by Airline Cuts Airline Subsidy Cuts Leave Three Towns Flightless No Convenient Route to Buffalo actual newspaper headlines 2007-08 It wasn't always like this At least not during the era of the Local Service Airlines From the 1950s through the mid 1980s these feisty colorful startups provided a level of service unheard of today reaching small communities across America They had to Encouraged and supported by the Civil Aeronautics Board these privately owned companies were mandated to bring reliable scheduled airline transportation plus airmail and small package service to the citizens of places like Enid Oklahoma or Walla Walla Washington or Kokomo Indiana and other places ignored by the bigger and older airlines The locals may have begun with second hand propeller driven equipment like the legendary DC 3 but by the mid 60s they were operating turboprops and jets just like the bigger airlines And some of these Locals especially Frontier and Ozark and Piedmont eventually gave the big boys a run for their money One Local Allegheny became today's US Airways These truly were Airlines For the Rest of Us and this is the story of how they began how they grew and why they disappeared *Entrepreneurs, Managers, and Leaders* A. Mayo, N. Nohria, M. Rennella, 2016-05-23 This book reveals how leadership evolves through the story of the American airline industry across the 20th century Entrepreneurs dominate the industry's early history but as the industry evolved a new breed of managers emerged who built a dominant business model that enabled their companies to grow dramatically **Activating Critical Thinking to Advance the Sustainable Development Goals in Tourism Systems** Karla A. Boluk, Christina T. Cavaliere, Freya Higgins-Desbiolles, 2021-05-12 Activating Critical Thinking to Advance the Sustainable Development Goals in Tourism Systems focuses on the role of critical thinking and inquiry in the implementation of the 2030 Sustainable Development Goals SDGs in tourism systems The impetus for the development of this book emerged from the declaration by the United Nations UN General Assembly of 2017 as the International Year of Sustainable Tourism for Development This declaration purposely positions tourism as a tool to advance the universal 2030 Agenda for Sustainable Development and the 17 SDGs thus mutually serving as an opportunity and responsibility to appraise from a critical lens what the SDGs signify and how they can be understood from multiple perspectives The chapters in the book foster the next phase of sustainable tourism scholarship that actively considers the interconnections of the UN's SDGs to tourism theory and praxis and activates critical thinking to analyze and advance sustainability in tourism systems It articulates the need for the academy to be more intrinsically involved in ongoing iterations of multilateral accords and decrees to ensure they embody more critical and inclusive transitions toward sustainability as opposed to market driven neoliberal directives The contributions in this book encourage various worldviews challenging shaping and more critically reflecting the realities of global communities as related to and impacted by sustainable tourism development The chapters in this book were originally published as a special issue of the Journal of Sustainable Tourism *United States Corporation Histories* Wahib Nasrallah, 1991 **Peace**
