Continuing The Reformation:

Continuing the Reformation Ruth A. Meyers,2000-01-01 This book documents the Episcopal Church's developing focus on baptism within the context of the liturgical movement the emerging understanding of the eucharist prayer book revision and the confirmation dilemma Drawing on historical and contemporary sources the author presents a credible case in support of her belief that a baptismal ecclesiology is emerging from these events that have enabled people to accept a radically different initiatory pattern in the church This book exhibits clarity on the issues discussed with the support of solid scholarship and lucid writing

Continuing the Reformation B. A. Gerrish,1993 Modern Christian religious thought B A Gerrish argues has constantly revised the inherited faith In these twelve essays written or published in the 1980s one of the most distinguished historical theologians of our time examines the changes that occurred as the Catholic tradition gave way to the Reformation and an interest in the phenomenon of believing replaced adherence to unchanging dogma Gerrish devotes three essays to each of four topics Martin Luther and the Reformation religious belief and the Age of Reason Friedrich Schleiermacher and the renewal of Protestant theology and Schleiermacher's disciple Ernst Troeltsch for whom the theological task was to give a rigorous account of the faith prevailing in a particular religious community at a particular time Gerrish shows how faith itself has become a primary object of inquiry not only in the newly emerging philosophy of religion but also in a new style of church theology which no longer assumes that faith rests on immutable dogmas For Gerrish the new theology of Protestant liberalism takes for its primary object of inquiry the changing forms of the religious life This important book will interest scholars of systematic Christian theology modern intellectual and cultural history and the history and philosophy of religion

Celebrating the Reformation Mark D Thompson,2017-09-21 Too often the Reformers and their doctrines have been caricatured misrepresented or misappropriated in the service of agendas they would never have recognized let alone endorsed Happily there has been a great deal of fine scholarship in recent years that has exploded some of these myths but it has not always been accessible to non specialists The intention of Celebrating the Reformation is that Christians today will find new cause to rejoice in what God did in the sixteenth century through weak and fallible men and women These people sought in their own context to submit themselves to the word of God and lead his people in a godly and faithful response to the gospel of grace Three sections deal with the chief Reformers key doctrines and the Reformation in retrospect Each contribution seeks to connect its subject to the present making clear its relevance for today The Reformation is not a dead movement but a living legacy that can still capture the imagination and encourage men and women in their own Christian discipleship The contributors are Andrew Bain Colin R Bale Rhys S Bezzant Gerald Bray Martin Foord David A Hhne Chase Kuhn Andrew Leslie Edward Loane John McClean Joe Mock Michael J Ovey Tim Patrick Mark D Thompson Stephen Tong Jane Tooher and Dean Zweck

Continuing the Reformation ,2015 Evangelical Calvinism Myk Habets,Bobby Grow,2012-06-08 In this exciting volume new and emerging voices join senior Reformed scholars in presenting

a coherent and impassioned articulation of Calvinism for today's world Evangelical Calvinism represents a mood within current Reformed theology The various contributors are in different ways articulating that mood of which their very diversity is a significant element In attempting to outline features of an Evangelical Calvinism a number of the contributors compare and contrast this approach with that of Federal Calvinism currently dominant in North American Reformed theology challenging the assumption that Federal Calvinism is the only possible expression of orthodox Reformed theology This book does not however represent the arrival of a new Calvinism or even a neo Calvinism if by those terms are meant a novel reading of the Reformed faith An Evangelical Calvinism highlights a Calvinistic tradition that has developed particularly within Scotland but is not unique to the Scots The editors have picked up the baton passed on by John Calvin Karl Barth Thomas Torrance and others in order to offer the family of Reformed theologies a reinvigorated theological and spiritual ethos This volume promises to set the agenda for Reformed Calvinist discussion for some time to come

The Christian's Only Comfort in Life and Death Theodorus VanderGroe, 2016-12-15 The Christian's Only Comfort is the sermonic exposition of the Heidelberg Catechism by Theodore VanderGroe 1705-1784 a prominent divine of the Dutch Further Reformation VanderGroe's exposition of the Heidelberg Catechism could be considered his magnum opus and in some ways it was esteemed as highly by the godly in the Netherlands as The Christian's Reasonable Service of Wilhelmus Brakel In this able exposition of the Heidelberg Catechism we find the unmistakable characteristics of the Dutch Further Reformation it is steeped in Scripture it is very pastoral and it promotes a robust comprehensive form of Reformed piety

Corporations: Educational and eleemosynary corporations (continued) John Patterson Davis, 1905 The Claim of Humanity in Christ Alexandra Sophie Radcliff, 2016-02-26 Today much preaching and teaching throws people back upon themselves to earn their relationship with God and to try to achieve by their own efforts the kind of person that they ought to be In The Claim of Humanity in Christ Alexandra Radcliff counters the Torrance's critics to show the significance of their controversial understanding of salvation for the interface between systematic and pastoral theology Radcliff then constructively extends the implications of the Torrance's work to a liberating doctrine of sanctification The Christian life is conceived as the free and joyful gift of sharing by the Spirit in the Son's intimate communion with the Father whereby we are turned out of ourselves to reflect the reality of who we are in Christ

Rebel in the Ranks Brad S. Gregory, 2017-09-12 When Martin Luther published his 95 Theses in October 1517 he had no intention of starting a revolution But very quickly his criticism of indulgences became a rejection of the papacy and the Catholic Church emphasizing the Bible as the sole authority for Christian faith radicalizing a continent fracturing the Holy Roman Empire and dividing Western civilization in ways Luther a deeply devout professor and spiritually anxious Augustinian friar could have never foreseen nor would he have ever endorsed From Germany to England Luther s ideas inspired spontaneous but sustained uprisings and insurrections against civic and religious leaders alike pitted Catholics against Protestants and because the Reformation movement extended far beyond the man who inspired it Protestants against Protestants The ensuing disruptions prompted responses that gave shape to the modern world and the unintended and unanticipated consequences of the Reformation continue to influence the very communities religions and beliefs that surround us today How Luther inadvertently fractured the Catholic Church and reconfigured Western civilization is at the heart of renowned historian Brad Gregory s Rebel in the Ranks While recasting the portrait of Luther as a deliberate revolutionary Gregory describes the cultural political and intellectual trends that informed him and helped give rise to the Reformation which led to conflicting interpretations of the Bible as well as the rise of competing churches political conflicts and social upheavals across Europe Over the next five hundred years as Gregory s account shows these conflicts eventually contributed to further epochal changes from the Enlightenment and self determination to moral relativism modern capitalism and consumerism and in a cruel twist to Luther s legacy the freedom of every man and woman to practice no religion at all With the scholarship of a world class historian and the keen eye of a biographer Gregory offers readers an in depth portrait of Martin Luther a reluctant rebel in the ranks and a detailed examination of the Reformation to explain how the events that transpired five centuries ago still resonate and influence us today
