Michael Seilmaier

Contribution A L Etude De L Art Thraco G:

Contribution à l'étude de l'art thraco-gète Dumitru Berciu, 1974 **The Archaeology of Contextual Meanings** Ian Hodder, 1987-08-06 This companion volume to *Archaeology as Long term History* focuses on the symbolism of artefacts It seeks at once to refine the theory and method relating to interpretation and show with examples how to conduct this sort of archaeological work Some contributors work with the material culture of modern times or the historic period areas in which the symbolism of mute artefacts has traditionally been thought most accessible However the book also contains a good number of applications in prehistory to demonstrate the feasibility of symbolic interpretation where good contextual data survive from the distant past In relation to wider debates within the social sciences the volume is characterised by a concern to place abstract symbolic codes within their historical context and within the contexts of social actions In this respect it develops further some of the ideas presented in Dr Hodder's *Symbolic and Structural Archaeology* an earlier volume in this series **Silk Road Art and Archaeology**, 2002 **Ancient Greek Colonies in the Black Sea 2** Dēmētrios V. Grammenos, Elias K. Petropoulos, 2007 This extensive publication aims to communicate to the widest possible readership a collection of papers that for the main part deal with established work in progress at sites of ancient Greek cities on the Black Sea and the broader region This volume is part of a two volume set ISBN 9781407301112 Volume I ISBN 9781407301129 Volume II ISBN 9781407301105 Set of both volumes 〰〰〰〰〰〰〰〰, 1975 **Current Book Review Citations**, 1977
