Thompson, 2021-06-11 In this increasingly neoliberal gig economy exponentially expanding with technological advances the ability to work online remotely has led some western millennials to travel the world to work and play while making a subsistence living as digital platform workers **Virtual Teams Across National Borders** Marin A. Marinov, 2023-11-03

Virtual teams can be traced back to the 1990s with the debauched development of communication technologies as well as the fast extension of the internet Virtual teams possess unique features allowing them to combine cultural multiplicity specific tasks physical remoteness of team members continuous distant communication critical interdependence of tasks leadership cohesion empowerment confidence virtuality special trust creation and trust building For a successful functioning of present

day organisations they need to employ geographically dispersed labour force Creating virtual teams functioning across national borders organisations secure the most competent talent available world wide Employing the best available know how virtual teams apply the knowledge of experts from various cultures having diverse capabilities as well as varied perceptions on dealing with multiple organisational challenges from strategic perspectives Compositions of virtual teams operating across national borders alter depending on types of industry organisation and organisational unit International virtual teams functioning across national borders perform from practically everywhere all over the world if there is a secure and constant internet connection This book is dedicated to offering a comprehensive outlook and analysis of the theoretical and practical aspects related to the creation of virtual teams across national borders as well as the specifics of their implementation The research published as chapters in the book allow the detection of the key aspects and trends concerning the creation and performance of virtual teams across national borders The book presents topics not being investigated in depth so far or not researched at all The purpose of the book is to fill in certain gaps in the existing research and subsequent publications referring to a broad variety of issues concerning theoretical and empirical fundamentals of the creation of virtual teams and their functioning across national borders the role of virtual intelligence in relation to distance interpretation in international virtual teams geography of virtual teams in relation to digital nomads communication in virtual teams creation of communal identity via implementation of virtual teams tax implications for virtual work among numerous other issues

Affective Assemblages and Local Economies Joanie Willett, 2021-10-18 What becomes visible if we look at peripheral deprived rural regions through the lens of a complex adaptive assemblage Affective Assemblages and Local Economies uses ethnographic research and qualitative interviews with members of the public and some policy makers to examine this question Over a year long project in Cornwall in the South West of the UK and the South West of Virginia USA the book considers what becomes visible if we understand the region through the words of ordinary people rather than planners and policy makers Drawing on the Deleuzian affective assemblage it builds the concept of the Region Assemblage to examine the deep interconnectedness between people objects organisations and the processes that we find in the regions that we observe
