Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret

sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book *Instagram Marketing 2020* Harvey Quick, 2019-12-08 Have you ever wondered how Instagram came to be or how you can use it to your advantage This book is the answer you need You will learn so much that you can use to your advantage with this book that you will be able to achieve your Instagram goals while making sure that you have got the best information possible to make sure that you will be able to take your Instagram to the next level Many people who download this app just think that you download a pretty picture and that is it In reality it is so much more than that and there is so much more involved in the process that you need to be aware of Being aware of this is going to give you a better understanding of what it is you need to do to help you achieve your goals The book will tell you everything you need to know about how to gain and keep followers while ensuring that you have the ability to turn your followers into making dollars This is going to be a great way for you to begin to turn yourself into an influencer or making your business skyrocket to the next level by making a business profile that will make customers flock to you This is such an important thing for people to understand because it is one thing to be able to gain followers but quite another to be able to keep them interested and following you for good instead of coming to you and then leaving With the features that Instagram offers you as both a person who wants to gain popularity through this social media platform or being able to utilize the millions of people that use this app to your advantage through your pictures and content for your profile With so many users on the app there are so many opportunities for you here no matter what it is you would like to do or utilize this app for There are many things that you will need to consider when making Instagram work for you How will you find your niche How can you make your followers love you and want to stay with you How do find followers in the first place

or let them find you How do you grow a following large enough to be an influencer How can you take your business further by using your Instagram for your benefit All of these questions and more are answered in this book and you will be able to use Instagram to take you to a place where you have thousands of followers instead of just family and friends You can even connect with famous authors celebrities and companies that can take you beyond where you thought you could go Click the Buy Now button at the top of this page and get your copy By buying this book you will be an Instagram pro in no time Learn all the tricks and tips you need with this book and learn how to push past everyone who does not know how to use this to their advantage Come learn the secrets and become a top influencer
