SALT BOX DESIGN

Living Area
First Floor — 1,302 Sq. Ft.
Second Floor — 1,034 Sq. Ft.
Study or 1st Floor Bedroom

Kitchen, pantry, dining area and family room form a well defined active area in this Salt Box design. Family room includes sliding glass doors to patio—an ideal spot for the sunworshippers in the family. As in any plan worth its salt, the formal living room is definitely separated from the active kitchen and family room areas. Closets galore, lavatory, first floor laundry and mud room combine to make this a complete family living home. The second floor reflects excellent planning, too. On the second floor is a master bedroom with bath and walk-in closet and three additional large bedrooms, plenty of closet space and a second bath.
