Excerpt from Colonial Administration of Great Britain This dissertation had its origin in an inquiry which in the year 1853 I felt it my duty to make as to the foundation of the law I was to administer under Her Majesty's Commission The inquiry was begun without anticipation that it would lead to more than perfecting information for the discharge of a responsible duty If any reader shall be staggered at some of the doctrines propounded he will not be more so than I freely confess I myself was when I first found them to be the inevitable result of reflection as the subject gradually developed itself Finding the inquiry to be interesting I committed the result to paper and completed the MS so long ago as the year 1854 At that time the Crimean war was in full vigor presently came our quarrel with China and immediately upon the back of it the great Indian rebellion While these demands upon the national resources continued it did not seem prudent to publish a dissertation of this kind although in a pecuniary point of view it might have been wiser for myself to have done so inasmuch as dissatisfaction by several of our colonies with the mode of their government was then rather lively and public opinion a good deal directed to the subject That state of the colonies however operated only as one reason the more for refraining from publication About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Colonial Administration of Great Britain** Sydney Smith Bell, Sir, 2016-05-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      *COLONIAL ADMINISTRATION OF GRT* Sydney Smith Sir Bell, 1805-1879, 2016-08-25      **Colonial Administration, 1800-1900** United States.
