Patzia, 1993 *Paul's Letters from Prison* James Leslie Houlden, 1977 Modern translations have made it clearer than ever that many of Paul's assumptions and ideas are utterly foreign to us This commentary guides the reader into a new understanding of Paul's letters and a new appreciation of his theology and ethics as having meaning for us in today's world Paul is important at two levels At the level of events it was he who brought the Church out of its Jewish cocoon At the level of doctrine it was Paul who first provided a way of formulating the significance of Jesus which made it possible to universalize his mission Paul also brought simplicity and directness into the relationship of the individual with God Finally Paul the Hellenistic Jew was able to go far in expressing the Christian gospel in terms congenial to Greeks to launch the Church's teaching safely on non semitic waters Jacket flap *Ephesians, Colossians, and Philemon* Ralph P. Martin, 2012-09-03 In his commentary Ralph Martin singles out two themes that are high on today's agenda of theological and practical inquiry and planning These themes are the cosmic dimensions of Christological

teaching and the role of the church as God's locus and agent of reconciliation In this examination the author allows Paul's voice to be heard again on these important themes Paul's Letters from Prison, 1976 The letters Paul wrote to the Ephesians Philippians Colossians and Philemon have one feature in common that distinguishes them from the other letters he wrote in them Paul calls himself a prisoner This thought provoking study examines closely the metaphorical and literal meaning of Paul's bonds and chains Through analysis of the letters themselves Caird considers whether Paul was actually behind bars when he wrote them and if so in which prison or prisons whether he may have been referring to himself figuratively as a prisoner of Jesus Christ and whether he was the actual author of all four letters In assessing these issues Caird outlines each letter's intended audience vocabulary style historical setting literary references and theology
