through every step of creating and using talismans and amulets for optimum effect **Cosmic Navigator** Gahl Eden Sasson, 2008-07-01 Gahl Sasson's second book **Cosmic Navigator** is like a GPS for the soul. It combines Astrology, the map of where and who we are with Kabbalah, the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three-part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self-help; it also weaves the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve-week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion? Turn to the chapter on Scorpio and learn how to invoke that sexual, mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, **Cosmic Navigator** teaches us how to take control of our astrological destinies. **Color for Men** Carole Jackson, Kalia Lulow, 1987 Based on the same system that has already worked for millions of women, **COLOR FOR MEN** is foolproof and scientific and works for every part of a man's wardrobe, from his business suit to his jogging suit. Using basic principles to understand the subtleties of skin, hair, and eye color, you match yourself to one of four seasonal palettes. Then you'll discover which shades of color in clothes complement your natural coloring. **COLOR FOR MEN** is the complete wardrobe system no man can afford to miss. **Trading Spaces Color!** Brian Kramer, 2003 The designers from the *Trading Spaces* television program explain how to transform a room by adding color in various ways and share professional tips, design techniques, and other decoration ideas. **Shades of Beauty** Marita Littauer, Florence Littauer, 1982 **Popular Science Monthly and World Advance**, 1926 **Color Decoder** Dorothye Parker, 2001 Readers of *Color Decoder* will discover how the colors they wear and live with reveal their personality, desires, and destiny.
