Calgary's Electric Transit is the story of electric street railway trolleybus and light rail vehicle transit in Canada's western city of Calgary Alberta Calgary was founded in 1875 when the North West Mounted Police established a new fort Fort Calgary A big boost for Calgary came eight years later when the Canadian Pacific Railway building westward to the Pacific reached the Bow River in 1883 Calgary became an important centre for Canadian Pacific operations and has since become the railways headquarters location By 1909 Calgary boasted a population of 30 000 people In July of that year the Calgary Electric Railway began operations with two cars sixteen employees and three miles of track The system quickly grew and the following year became known as the Calgary Municipal Railway Through its forty years of street railway service Calgary acquired passenger cars from such well known Canadian builders as Ottawa Car Manufacturing Company Preston Car Coach Company and the Canadian Car Foundry In addition the systems roster included used cars from several sources in the United States Totalling 113 cars in all plus a scenic car it has been a daunting task to secure photos for this book Many superb images have been discovered illustrating the operation of streetcars in different sections of the city There are over 150 streetcar photos Finding trolleybus

photographs has been a challenge as well but the authors have succeeded in gathering a fine selection representing all classes of trackless trolley coaches purchased new and acquired used from other US systems Youll see streetcars and trolleybuses operating in the city centre in the rural suburbs and in residential neighbourhoods Coverage of todays modern rail transit cars is outstanding Now called light rail vehicles all classes of these LRVs are represented operating in all seasons and over most portions of the system illustrating the many varied and unique Calgary urban environments Rich carefully composed black and white photos are rounded out with a fine showing of subjects in colour Theres a variety of photos to interest everyone with an interest in the development of Calgary as a city the construction of The Bay early scenes in Bowness Park and some views of the streetcars serving seemingly unpopulated fields that today are thriving subdivisions Whether youre a railway enthusiast or simply interested in Calgarys history youll find Colin Hatcher and Tom Schwarzkopfs 200 page account of Calgarys Electric Transit a fascinating informative and enjoyable reading experience Bulletin Canada.
