Columbus Conspiracy:

The Columbus Conspiracy Michael Anderson Bradley,1992 The Columbus Conspiracy Michael Bradley,1991 The Columbus Conspiracy Karlos K,2021-02-24 A speculative historical thriller inspired by the contradictions around Columbus life The rags to riches story of an inspired brilliant but mercurial obsessive and self serving adventurer capable of unspeakable atrocities created a global myth that arouses contradictory reactions However the traditional schoolbook account of his life is ridden with mysteries contradictions forged documents and books with pages ripped off all the ingredients of a plot that lasted five hundred years and only recently is being revealed for what it is a fairy tale The book combines a present day murder mystery with the power politics and religious quests of the 15th century set against the background of the always extraordinary sometimes gruesome Age of Discoveries It is a mix of a detailed historical investigation and a speculative hypothesis to connect the loose ends of Columbus life a tremendous secret threatening enough to justify the deep political and religious conspiracy woven by kings and popes to silence Columbus true identity and mission An American PhD student is found death bleeding from a suspicious pentagram shaped cut in her wrist She was in Lisbon doing research on Christopher Columbus Thirteen years later her twin sister a disillusioned wall street banker struggling between the demands of her job and the pressure to have a baby returns to Lisbon to retrace her steps unaware she would face a complex web of crossed stories ciphered messages and mistaken identities a puzzle she will need to solve to uncover her sister s murder and Columbus tremendous secret a forbidden Book kept hidden for 500 years A passionate fiery first person account by Columbus up to his first expedition as he looks forward to complete his mission and the personal sacrifices he had to make leaving behind the love of his life to assume a fake identity in Spain The memories of his son Fernando looking back with a tranquil analytical view from the fourth expedition onward describing vividly the amazement of the first contacts with new civilizations and the atrocities unleashed by the Conquistadores as well as his father s own struggle a humiliated erratic sick and hallucinating man with bouts of brilliance and sheer courage striving to protect the secret Book from the claws of the Inquisition **The Search for Liberty** Esmond Wright,1995-02-17 This is a history of the region now known as the United States of America from earliest times to the American victory over the British and the Declaration of Independence in 1776 The book charts the arrival of the first Americans through Alaska millennia before the coming of the Norsemen or of Cabot Columbus and Raleigh It tells of the sixteenth century incursions by the Spanish French and English their interaction with the American Indians and describes the early settlements their culture activities and trade The author traces the rise to dominance of the British settlers and the establishment of the whole of east America within the British Empire The book closes with an account of the war with the British and of Washington s final triumph **The Real America in Romance ...** Edwin Markham,1914 **The Great Events by Famous Historians** Charles Francis Horne,Rossiter Johnson,1905 **Works: Life and voyages of Christopher Columbus** Washington Irving,1895 The
