Combat Officer Charles H. Walker, 2004 **War in the Pacific: Formidable Foe - 1942-1943** Peter Harmsen, 2022-05-01 War in the Pacific is a trilogy of books comprising a general history of the war against Japan unlike other histories it expands the narrative beginning long before Pearl Harbor and encompasses a much wider group of actors to produce the most complete narrative yet written and the first truly international treatment of the epic conflict War in the Pacific Formidable Foe 1942 1943 Details the astonishing transformation that took place from 1942 to 1943 setting the Allies on a path to final victory against Japan The central importance of China is highlighted in a way that no previous general history of the war against Japan has achieved *Guadalcanal's Longest Fight* Dave R.

Holland, 2025-10-30 Drawing from previously unknown and unused sources Holland paints a vivid picture of the desperate fights that broke the back of the Japanese forces ashore during that pivotal period of 1942 Holland s ground breaking account is vital to the understanding of the struggle to secure America s first major land victory in the Pacific Seth Paridon Historian Deputy Director Mississippi Armed Forces Museum The Matanikau battles proved to be the critical turning points in the land campaign for Guadalcanal the campaign s longest and bloodiest ground fight A five month conflict raged along the river and its basin The real importance of this area has long remained unrecognized yet the American and Japanese forces that fought over it knew that it was the key to the ultimate prize of Henderson Airfield In this mile long bloody tug of war from the river across to the hills and ravines were fought seven major battles and countless smaller skirmishes While countless books have been published on the Guadalcanal Campaign none have concentrated on the pivotal battles of the Matanikau basin Extensively researched this first in depth study of these important battles objectively showing all sides fills in this crucial missing piece of the history of the Guadalcanal campaign The well known Guadalcanal battlefield guide Dave

Holland spent three years walking the battlefields researching and documenting what he found His unparalleled knowledge of the ground enables him to take the reader along with the men on the ground Using his investigative skills and military background he provides a fresh detailed and often completely new view of the land campaign establishing previously unknown facts and specifically illustrating their significance as the campaign s land turning points **Japan Runs Wild, 1942-1943** Peter Harmsen,2020-05-12 The author of Storm Clouds Over the Pacific 1931 1941 chronicles Japan s dramatic reversal of fortune as Allied forces gained advantage during WWII In early 1942 the Imperial Japanese Army and Navy were advancing on all fronts humiliating Allied forces throughout the Pacific In a matter of months Japan had conquered an area larger than Hitler s empire at its apex Hawaiians and Australians feared a future under Hirohito The fate of half of mankind was hanging in the balance But by the end of 1943 the tables had turned entirely The American led military machine had kicked into gear and the Japanese were fighting a defensive battle along a frontline that crossed thousands of miles of land and sea In Japan Runs Wild 1942 1943 historian Peter Harmsen details the astonishing transformation that took place in that period setting the Allies on a path to ultimate victory over Japan The second installment of Peter Harmsen s three part history Japan Runs Wild 1942 1943 continues his comprehensive chronicle of the Pacific Theater during the Second World War Giving due emphasis to the Japanese American struggle Harmsen also sheds light on the other peoples involved including the British Australians Soviets Filipinos Indians and Koreans Above all the central importance of China is highlighted in a way that no previous general history of the war against Japan has achieved North Dakota History ,2007 Journal of the Northern Plains **Pacific Crucible** Ian W. Toll,2012 Draws on eyewitness accounts and primary sources to describe the first months of World War II in the Pacific after the U S Navy suffered the worst defeat in its history at Pearl Harbor **Desperate Surgery in the Pacific War** Thomas Helling, M.D.,2017-01-25 Caring for the wounded in the World War II Pacific Theater posed serious challenges to doctors and surgeons The thick jungles remote atolls and heavily defended Japanese islands of the Pacific presented dangers to medical personnel never before encountered in modern warfare as did the devastating new kamikaze attacks Sophisticated treatments including complex surgery were by necessity far removed from the fighting requiring front line doctors to do the minimum often under fire to stabilize patients until they could be evacuated damage control it would later be called Navy doctors responsible for thousands of sailors aboard fleets in battle found caring for the wounded daunting or nearly impossible Yet to save lives medical resources had to be kept as close as possible to the action This book systematically details the efforts and innovations of the doctors and surgeons who worked to preserve life under extreme peril **Memphis Chronicles** John E. Harkins,2009-08-01 Take a break from the bustle of Poplar and Beale and enjoy this easy ride down memory lane recalling days when downtown gridlock was caused by streetcars and wagons and the Mid South was ruled by the likes of the Chickasaws Confederates King Cotton and Crump Few know Shelby County and its history like lifelong Memphian John E Harkins who expertlychronicles the city s unparalleled

heritage and the individuals and groups who have kept its past alive through the decades Discover the origins of the yellow fever epidemic Memphis in May Elmwood Cemetery the heroes of Shelby County history and so much more in Memphis Chronicles *Faithful Warriors* Dean Ladd, Steven Weingartner, 2009 Faithful Warriors is a memoir of World War II in the Pacific by a combat veteran of the 8th Marine Regiment 2nd Marine Division Written with award winning author Steven Weingartner Ladd's book chronicles his experiences as a junior officer in some of the fiercest fighting of the war in the Pacific His recollections and descriptions of life and death on the far flung island battlefronts of the Pacific War are vividly rendered augmented by the recollections of a number of the men with whom he served This memoir tells the story of how both Ladd and the Marine Corps came *The Journal of Military History*, 2007-07 **Now Hear this** Douglas Edward Leach, 1987 The Patrol Ryan Flavelle, 2013-02-26 In 2008 Ryan Flavelle a reservist in the Canadian Army and a student at the University of Calgary volunteered to serve in Afghanistan For seven months twenty four year old Flavelle a signaller attached to the Princess Patricia's Canadian Light Infantry endured the extreme heat the long hours and the occasional absurdity of life as a Canadian soldier in this new war so far from home Flavelle spent much of his time at a Canadian Forward Operating Base FOB living among his fellow soldiers and occasionally going outside the wire For one seven day period Flavelle went into Taliban country always walking in the footsteps of the man ahead of him meeting Afghans and watching behind every mud wall for a sign of an enemy combatant The Patrol is a gritty boots on the ground memoir of a soldier's experience in the Canadian Forces in the 21st century It is about why we fight why men and women choose such a dangerous and demanding job and what their lives are like when they find themselves back in our ordinary world Praise the Lord and Pass the Penicillin Dean W. Andersen, 2015-09-01 He was a chemistry student in college on his way home for a visit when news of Pearl Harbor came over the car radio Like 16 million others from his generation Dean W Andersen was called to active military duty and spent the next 38 months of his life as a medic in the Pacific war theater This memoir shows that the human feelings of fear loss anger hate patriotism and solidarity were the same then as they have been for every war since The experiences of the greatest generation can comfort and advise young people today who may well be faced with challenges as great as those met so long ago Based on 93 letters written home to his wife and parents during his time away at war this book includes information that was disallowed by censors and in some cases cut out of his correspondence Though the history of the European theater in World War II is well documented considerably less information is available about the war in the Pacific The author recalls the many aspects of his experience from landing on beaches in the South Pacific amid exotic birds and animals and interacting with the people of New Guinea to evacuating wounded soldiers through steaming jungles and snake infested swamps and over high mountains to facing machine gun fire and watching snipers kill the last man in a column of marchers The book includes many interesting photographs that have never been published including images of the Japanese surrender **The New York Times Book Review**, 1988-07 **Goodbye, Darkness**

William Manchester, 2008-12-02 This emotional and honest novel recounts a young man's experiences during World War II and digs deep into what he and his fellow soldiers lived through during those dark times. The nightmares began for William Manchester 23 years after WW II. In his dreams he lived with the recurring image of a battle-weary youth himself angrily demanding to know what had happened to the three decades since he had laid down his arms. To find out, Manchester visited those places in the Pacific where, as a young Marine, he fought the Japanese and in this book examines his experiences in the line with his fellow soldiers, his brothers. He gives us an honest and unabashedly emotional account of his part in the war in the Pacific. The most moving memoir of combat on WW II that I have ever read. A testimony to the fortitude of man, a gripping, haunting book. William L. Shirer *Nisei Linguists* James C. McNaughton, 2006 At the start of World War II, the U.S. Army turned to Americans of Japanese ancestry to provide vital intelligence against Japanese forces in the Pacific. *Nisei Linguists*, Japanese Americans in the Military Intelligence Service during World War II, tells the story of these soldiers: how the Military Intelligence Service MIS recruited and trained them and how they served in every battle and campaign in the war against Japan. Months before Pearl Harbor, the Western Defense Command WDC selected sixty Nisei soldiers for Japanese language training. When the WDC forcibly removed more than 100,000 persons of Japanese ancestry from the West Coast, MIS continued to recruit Nisei from the relocation camps and later from Hawaii. Over the next four years, the school graduated nearly 6,000 military linguists, including dozens of Nisei women and hundreds of Caucasians. *Nisei Linguists* tells the remarkable story of those who served with Army and Marine units from Guadalcanal to the Philippines, Iwo Jima, and Okinawa. Their duties included translation, interrogation, radio monitoring, and psychological warfare. They staffed theater-level intelligence centers such as the Allied Translator and Interpreter Section in the Southwest Pacific Area, in China, Burma, and India; they served with the Office of Strategic Services, Merrill's Marauders, and Commonwealth forces. Others served with the Army Air Forces or within the continental United States. At war's end, the Nisei facilitated local surrenders of Japanese forces as well as the occupation. Working in military government, war crimes trials, censorship, and counterintelligence, the MIS Nisei contributed to the occupation's ultimate success. **Faithful Warriors** Steven Weingartner, 2013-09-15 *Faithful Warriors* is a memoir of World War II in the Pacific by a combat veteran of the 8th Marine Regiment, 2nd Marine Division. Written with award-winning author Steven Weingartner, Col. Ladd's book recounts his experiences as a junior officer in some of the fiercest fighting of the war during the amphibious invasions of Guadalcanal, Tarawa, Saipan, and Tinian. Ladd's recollections and descriptions of life and death on the far-flung battlefronts of the Pacific War are vividly rendered and augmented by the personal recollections of many of the men who served with and under him in his wartime journey across the Pacific. This vividly written memoir will stir the memories of those who lived during these trying times and will help future generations of readers to understand the realities of the Pacific War. **Jungle, Sea and Occupation** Paul D. Veatch, 2000-07-01 In March of 1944, Private Paul D. Veatch was shipped out to the Pacific Theater of World War II operations. Over the next year and

half he was involved in combat in the Philippines surviving both ambush and shipwreck Separated from his unit the 24th Infantry through tragedy and rescue he served with both the 21st and the 19th When the war was declared over he was part of the occupation force in Japan until his honorable discharge in 1946 This memoir of Veatch s experiences is a dramatic account of combat in the jungle and at sea and a memorable chronicle of one soldier s survival It is also a remarkable coming of age story as the young Private Veatch finds friendship love and during his time at his last post the ancient city of Kurashiki a fascination for the Japanese culture His account includes his perspective on historic battles as well as his thoughts and feelings about combat culture home and the transformation he underwent through war and peace United States Naval Institute Proceedings ,2001
